**CCP/CTE WAIVER**

Recommendation of the High School Principal

If a student's unweighted GPA is below 2.8, principals (or their designee) must complete this waiver to allow the student to enter into the CTE Pathway. Below is the rationale for why the GPA requirement should be waived. A CCP/CTE Waiver is not accepted for any CTE Pathway with **Universal General Education Transfer Component** courses.

The student's current unweighted GPA is: \_\_\_\_\_

- Student performs well in other high school CTE courses
- Student performs well in a more hands on environment
- Student has good attendance record and no discipline issues
- Student deserves a chance to excel in a program that truly interest them
- Other: \_\_\_\_\_
