Career and College Promise

Electronics Engineering Technology-Certificate (C40200T)

The Electronics Engineering Technology Pathway provides training for entry-level technicians desiring a career in electrical maintenance and management, design, planning, construction, development and installation of electrical systems, machines, automation and power generating equipment.

	Course Code	Course Name	Credit Hours
_____	ELC-131	Circuit Analysis I	4.0
_____	ELN-131	Analog Electronics I	4.0
_____	ELN-133	Digital Electronics	4.0
_____	ELN-232	Introduction to Microprocessors	4.0
		Total Semester Credit Hours	**16**
