**If you do decide to change your program (from an "Active Program" listed here), you'll need to stop by Student Services & complete a "Student Information Change".**

**If this screen comes up, select the most current Catalog Year, then “SUBMIT”. If in doubt, consult the CCC&TI catalog for “Catalog Requirements” before proceeding with course selections.**

**Informal Grade Appeal Process:** Every reasonable effort should be made to resolve the matter at the informal level.

**Step 1 - Consultation with the faculty member:**

The student should first request a meeting with the instructor to explain why he/she considers the grade to be incorrect. If the instructor is not available, the student should contact the program coordinator/director or department chairperson to schedule an appointment with the instructor. This meeting must occur within the first two weeks of the next semester. The instructor should document the result of the meeting and maintain this record in the event the appeal proceeds further.

**Step 2 - Consultation with the program coordinator/director:**

If the student and the instructor fail to reach a mutual agreement, the student may submit a written appeal to the program coordinator/director of the area within five (5) business days. The student must submit the appeal in person to the program coordinator/director.

**IV. Substitution Provisions**

In the event that the faculty member whose grade is being reviewed is also a department chair or program coordinator/director, the vice president of the instructional area shall do those things required by the chair or coordinator/director. In the event that the faculty member whose grade is being reviewed is also the vice president of the instructional area, the executive vice president can name an appropriate substitute to perform the functions of the vice president as required by this policy.

**Catalog Requirements**

Candidates for a degree, diploma or certificate may meet graduation requirements as outlined in either (1) the catalog for the year they initially entered their program of study provided continuous enrollment is maintained during fall and spring semester and no more than 10 years have elapsed or (2) in the catalog for the year of their graduation. Students who are not continuously enrolled (e.g. summer semester) are not eligible for graduation until they receive admission to CCC&TI. Requests for special consideration are subject to management services.

**Catalog Requirements**

Candidates for a degree, diploma or certificate may meet graduation requirements as outlined in either...

- (1) the catalog for the year they initially entered their program of study provided continuous enrollment is maintained during fall and spring semester and no more than 10 years have elapsed or
- (2) in the catalog for the year of their graduation.

*Note:* Students who have not enrolled in two consecutive semesters (excluding summer semester) are not considered as continuously enrolled and must reapply for admission to CCC&TI (*under the new/current catalog*).

**Students**

Students are expected to be in residence during the following requirements have

Candidates for a degree/diploma/certificate and pay the fee in the May graduation ceremony established fall semester or by the end of the spring semester. Late graduates not attending graduation are not eligible for the next graduation.

For a particular program must maintain an average of at least 2.0. Students are required to complete at least 10 semester hours of study or 10 semester hours. "In residence" denotes credit earned at CCC&TI and does not count toward residency requirements.

Students must be admitted to CCC&TI prior to graduation.

**Standards**

Students must maintain an average of 3.5 or better on all coursework. The Institute will receive the

Credit totals below are cumulative and may not reflect total number of program or institutional hours earned. Additional hours may be required even if the COMBINED or INSTITUTIONAL credits below indicate you have earned the required credits.

#####

The following codes may be used in the evaluation below:  
\*PR = Pre-registered course (term will be noted)  
\*IP = Course currently in progress (term will be noted)  
\*RA = Repeat attempt of a course  
\*RP = Repeat of course pending

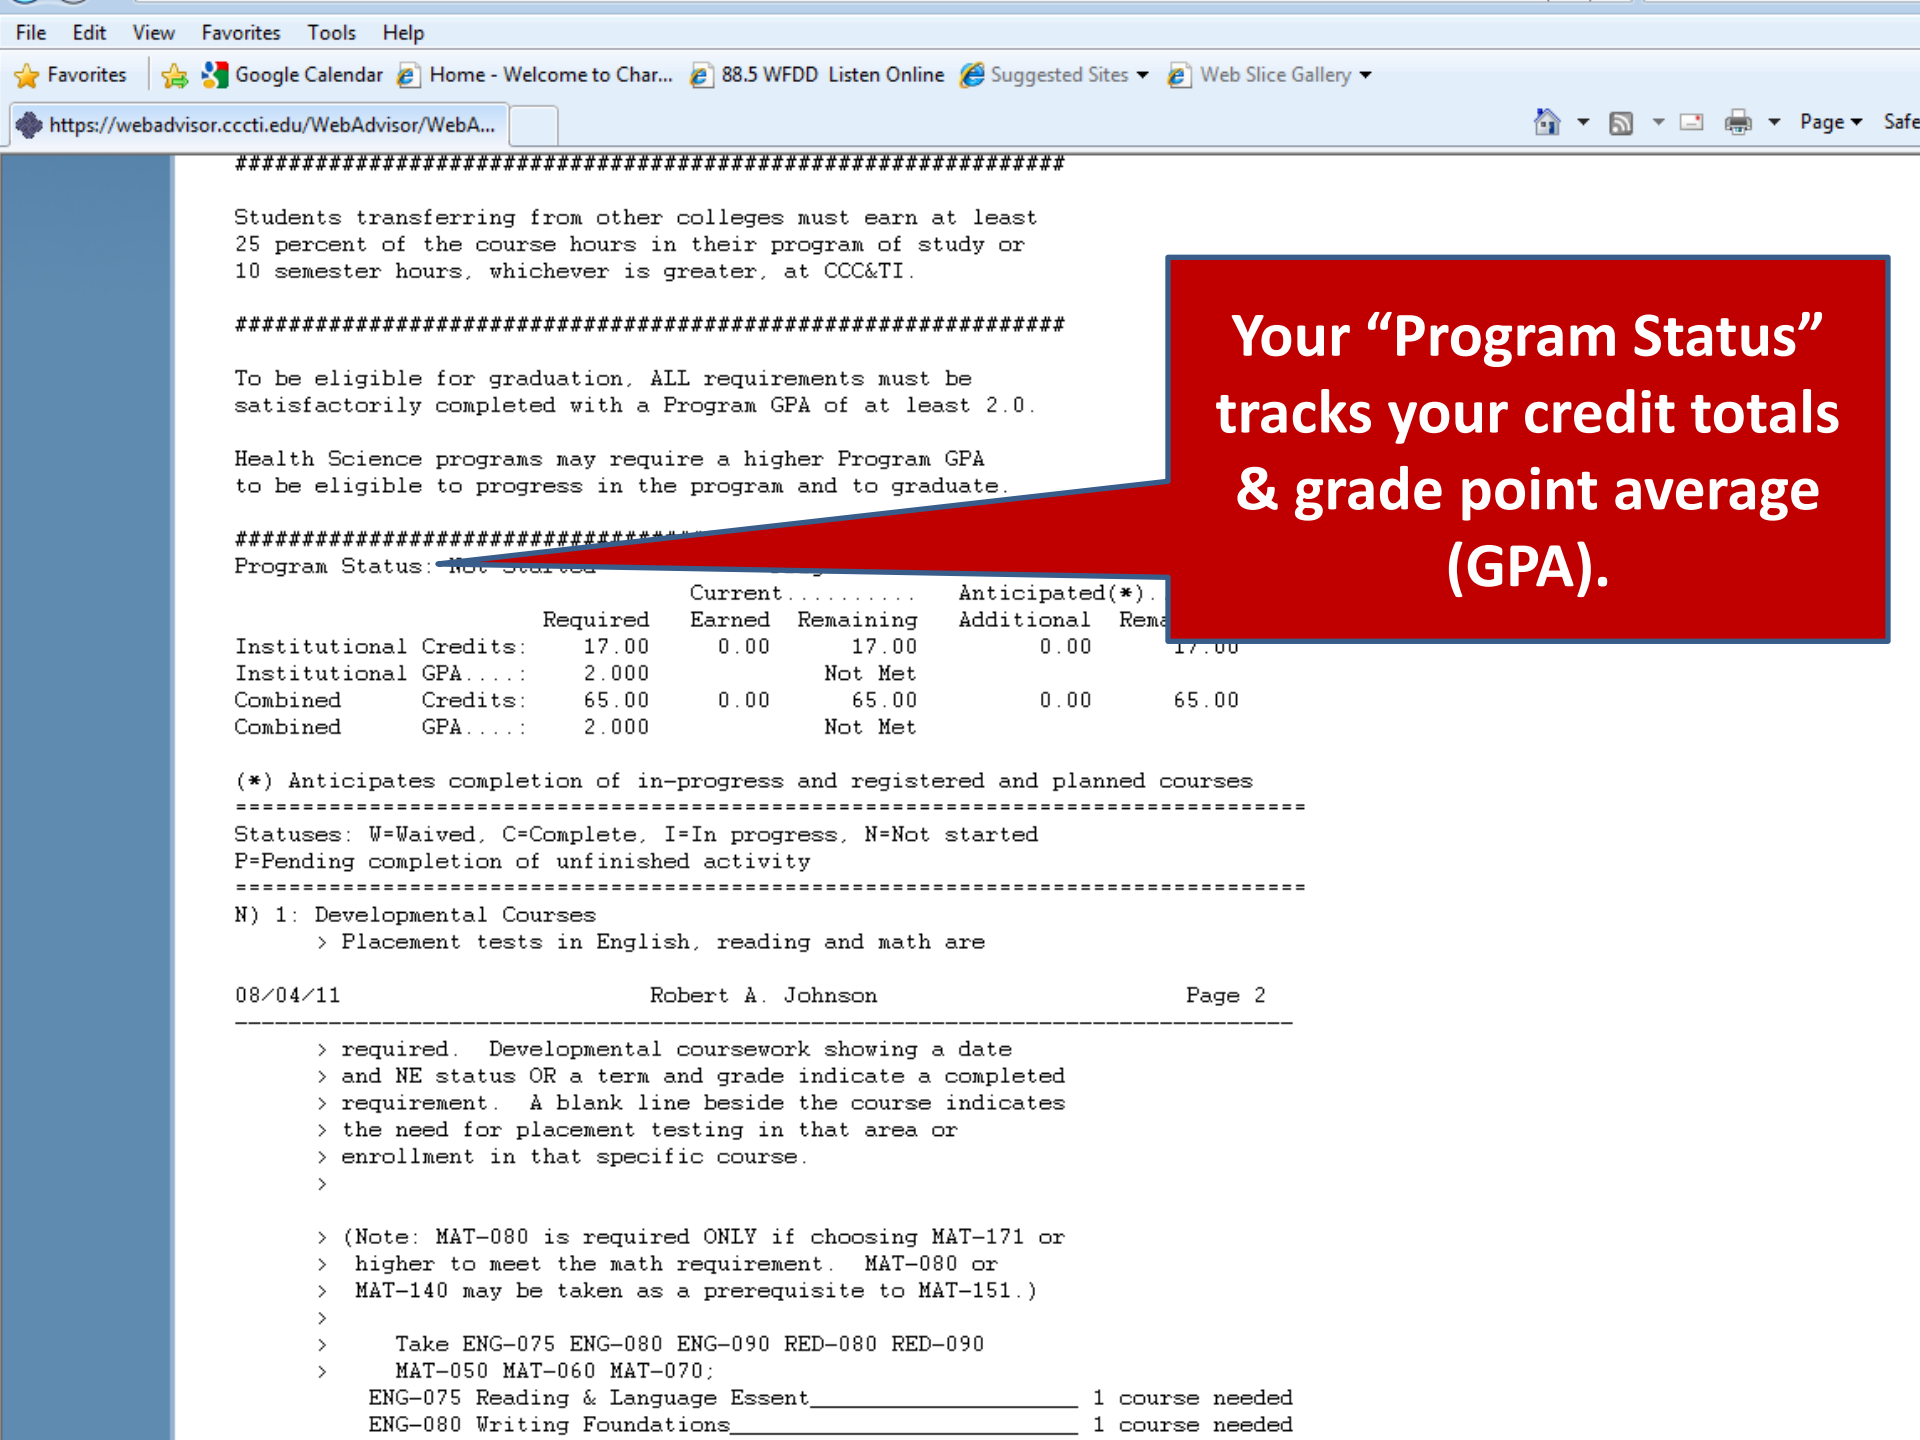

#####

Students transferring from other colleges must earn at least 25 percent of the course hours in their program of study or 10 semester hours, whichever is greater, at CCC&TI.

#####

**This is your  
"Program Evaluation".  
Check to be sure the  
information is correct.**

#####

Students transferring from other colleges must earn at least 25 percent of the course hours in their program of study or 10 semester hours, whichever is greater, at CCC&TI.

#####

To be eligible for graduation, ALL requirements must be satisfactorily completed with a Program GPA of at least 2.0.

Health Science programs may require a higher Program GPA to be eligible to progress in the program and to graduate.

#####

**“Developmental Course” requirements can be completed or “exempted” through testing or earned credits.**

### “NOTES”

- \*NE = Non-course Equivalency (satisfied by testing)
- \*PR = Currently Preregistered for this class
- \*RA = Replacement attempt
- \*RP = Replacement pending (currently repeating)
- \*TE = Transfer Equivalency
- \*S = Status (Cannot be applied to this program)

### Advisement

The faculty advisor program is a cooperative effort of the faculty and Student Services. Each curriculum student is assigned a faculty advisor who will assist that student in planning programs and selecting courses. College transfer students working towards Associate in Arts and Associate in Science degrees are assigned to the Academic Advising Center for advisement purposes. Students who are not enrolled in specific programs (Special Studies students) are assigned Student Services counselors as their advisors. Students should make appointments with their advisors prior to registration for the next semester.

All students should refer to the college catalog for information about the courses required for graduation in the various areas of study. By conferring with the advisors when questions arise, students will tend to be more accurate in the proper selection of courses. Advisors and counselors are available to students, but final responsibility for meeting program and graduation requirements remains with the student.

### Developmental Courses

If deficiencies are found in any one area, a counselor/advisor will help students select an appropriate course in order to meet necessary program requirements and/or course prerequisites. Developmental studies courses will not count toward graduation. Students are encouraged to complete developmental courses immediately upon enrollment.

### Prerequisites/Corequisites

CCC&TI students are required to meet all course prerequisite and/or corequisite requirements at the time of registration for the course. Enrollment in and successful completion of required requisites ensure that the student is academically prepared for higher level courses. Course prerequisites and corequisites can be found in the college catalog and on WebAdvisor.

### Placement Testing

The Accuplacer computerized tests are given to all students in the program, or who are taking courses with a placement test requirement. Reading, sentence skills and math. Students take certain tests, or a combination, depending upon their program or course choices. Students may be exempt from placement testing by meeting one of the following requirements:

**Students may be exempt from placement testing by meeting one of the following requirements:**

1. Transfer credits in English, math and two college-approved courses
2. Satisfactory S, A, T, or A. C. T. scores.
3. Satisfactory COMPASS or ASSET test scores (tests must have been taken at a regionally accredited higher education institution on or after Feb. 1, 2007)
4. Completion of Accuplacer tests at another regionally accredited higher education institution.
5. Completion of developmental coursework at a regionally accredited higher education institution with a grade of "C" or higher.

that occasional absences may be necessary. A student is responsible for work missed and is expected to be prepared for the next class. Academic departments establish their own class attendance policy. The attendance policy is explained by the instructor at the first class meeting. Students who have not attended at least once by the 10 percent date of the class will be dropped by the instructor as "never attended." Pursuant to G.S.

Determination of which placement test(s) a student should take is based on transcript evaluation and advisement process. Students who are readmitted to CCC&TI.

- 1. Transfer credits in English, math or reading**
- 2. SAT or ACT scores**
- 3. COMPASS or ASSET scores**
- 4. Accuplacer results from another institution**
- 5. Developmental coursework at another institution**

#### Placement Retest Policy

Students are allowed to retest without completing a developmental course. However, once enrolled in a developmental course, the student must complete the course by the end of the semester. Regardless of first test results, the following guidelines apply:

- Evidence of at least ten hours of formal instruction and documented completion of college-approved coursework
- A fee of \$2.00 per test other than those that fall within standard error.
- Only one retest per subject allowed in a one-year period

for religious observances or other extenuating circumstances. Students must be notified in writing. Students who are not notified in writing will be held responsible for religious observances or other extenuating circumstances. Students who are not notified in writing will be held responsible for religious observances or other extenuating circumstances. Students who are not notified in writing will be held responsible for religious observances or other extenuating circumstances.

Courses listed in the "Other Courses" section at the end of the evaluation are courses or waivers that are on your official record but are not used towards a specific requirement.

NOTES

**Use your Program Evaluation to help you...**

- 1) Check your progress**
- 2) Update your goals**
- 3) Select courses for coming term(s)**
