Biomedical Equipment Technology-Certificate (C50100T)

The Biomedical Equipment Technology certificate prepares students to use basic engineering principles and technical skills to install, operate, troubleshoot, and repair sophisticated devices and instrumentation used in the health care delivery system.

	Course Code	Course Name	Credit Hours
	BMT-111	Intro to Biomed Field	2.0
	BMT-212	BMET Instrumentation I	6.0
	ELC-131	Circuit Analysis I	4.0
	ELN-133	Digital Electronics	4.0
Total Semester Credit Hours			16
