SPEECH-LANGUAGE PATHOLOGY ASSISTANT

Diploma Program

ADMISSIONS INFORMATION

APPLICATION PERIOD: SUMMER 2020 CLASS

Deadline: March 1, 2020

Caldwell Community College & Technical Institute
2855 Hickory Boulevard
Hudson North Carolina 28638

Program Information

This one-year Diploma program is designed for graduates of an accredited Communication Sciences and Disorders (CSD) or Speech Language Pathology (SLP) Program. According to the North Carolina Board of Examiners for Speech-Language Pathologists and Audiologists (NCBOESLPA), individuals who have a Bachelor’s degree in CSD or SLP can work in North Carolina as a SLP-Assistant if they have additional coursework. This diploma program was developed to meet all NCBOESLPA requirements.

The Speech-Language Pathology Assistant Diploma curriculum prepare graduates to work under the supervision of a Licensed Speech-Language Pathologist, who screens for speech, language, and hearing disorders and treats individuals with various communication disorders. Courses provide instruction in methods of screening for speech, language, and hearing disorders and in following written protocols designed to remediate individual communication problems. Supervised field experience includes working with patients of various ages and with various communication disorders.

Graduates may be eligible for registration with the North Carolina Board of Examiners for Speech-Language Pathologist and Audiologist and must be supervised by a Licensed Speech-Language Pathologist. They may be employed in health care or education settings.

Students entering the SLPA program are expected to display mastery of the English language with proficient oral and written communication skills. The student must be able to model articulation and language behavior correctly.

To insure the public health and safety of all patients many of our clinical affiliation sites require personal criminal background checks and/or drug screening in order for the student to participate in clinical education at that site.

Most disciplines of Health Sciences require registration, certification or licensure to practice in the health care field. Most examining boards require proof of good moral character to apply to take the registration, certification or licensure examination. If you have further questions, please contact the N.C. Board of Examiners for Speech and Language Pathologists and Audiologists at 336-272-1828.

An applicant may be denied admission if his/her physical or emotional health indicates an impairment in the ability to provide safe and effective care to the public. Conduct in accordance with the standards of Licensed Speech-Language Pathologists’ professional Code of Ethics is required.
**Admission Process**

The Speech-Language Pathology Assistant diploma program is a one-year diploma with a limited class size. Acceptance into the program is first-come, first-served based upon completion of ALL admissions requirements. Students are accepted into the diploma program each year depending upon available clinical space. **Students are notified of their acceptance during the month of March to begin the program in the subsequent summer semester.**

***Refer to NOTIFICATION PROCEDURE section of this document for more details***

**Admission Requirements**

The following requirements must be completed before an applicant can be considered for admission to the program.

1. **CCC&TI application.**
   Applications are available online at [www.cccti.edu](http://www.cccti.edu).

2. **Official documentation of high school graduation/high school equivalency.**
   A high school graduate should request an official transcript to be sent to CCC&TI indicating date of graduation. This is required even if the applicant holds a college degree.
   Applicants with a high school equivalency must provide official documentation to CCC&TI from the granting institution.
   Reproduced copies of documents are not acceptable.

3. **Official transcripts of any college work.**
   Transcript must provide documentation of successful graduation in a BS/BA in Communication Sciences and Disorders (CSD) or Speech Language Pathology (SLP) from an accredited program.
   The applicant should request colleges to mail transcripts directly to CCC&TI.
   If currently enrolled at another college, request a transcript now and another one at the completion of courses.
   College transcripts must be received and evaluated in order to determine placement test exemption and/or awarding of college transfer credit.

4. **Gateway English and math readiness**
   Applicant must be eligible to enter the program required gateway (college-level) English and math courses without a co-requisite or have successfully passed English and math transition courses as follows:
   - ENG 002 with a grade of P2
   - MAT 003 with a grade of P1

   Contact one of the following in the Health Sciences Admissions Office for questions about English and math readiness:
   - Amy Huffman 828.726.2710 or ahuffman@cccti.edu
   - Holly Freeman 828-726-2711 or hfreeman@cccti.edu

5. **Information Session**
   Attend a Speech-Language Pathology Assistant Information Session to receive current details regarding admission, academic, and program requirements.
   Please contact Jessica Raby at 828-726-2345 or jraby@cccti.edu to sign up for the next session.
   The Information Session Confirmation Form must be completed and returned to Health Sciences Admissions for completion of this admission requirement.
   A required criminal background check acknowledgment statement must be signed by the applicant during the session for the information session requirement to be considered completed.
6. **Pre-requisite Coursework**

   The following prerequisite courses must be completed with a grade of “C” or higher.
   
   The prerequisite courses are:
   
   - SLP 111 Ethics and Standards for SLPA
   - SLP 130 Phonetics/Speech Patterns
   - SLP 140 Normal Communication
   - ENG 111 Writing and Inquiry

7. **MAR (Minimum Admissions Requirements) Review**

   Contact the Health Sciences Admissions Office to schedule the MAR Review as soon as ALL the above admissions requirements (steps 1-5) have been completed. During the MAR Review, the Health Sciences Admissions Office will review your file for completion. If all admissions requirements have been met, you will be assigned a consideration date which determines the order in which students are accepted. Schedule the MAR review by contacting:
   
   Caldwell Campus       Amy Huffman 828.726.2710 or ahuffman@cccti.edu

   **Note:** When considering whether to admit an individual into a specific program of study, the College shall take into account that federal law prohibits states from granting professional licenses to undocumented immigrants. Furthermore, graduation from a CCC&TI health science program alone does not guarantee that the student has met all eligibility requirements for licensure, certification, or registry required in order to practice in the related medical field. Prospective students should contact the appropriate agency prior to enrollment if they have any questions concerning their eligibility for credentialing examinations and legal ability to practice.

   **The consideration date is given after completing ALL ADMISSIONS REQUIREMENTS.**

   **NOTIFICATION PROCEDURE**

   The students with the earliest consideration dates will be notified of acceptance to the 2020 Speech-Language Pathology Assistant Diploma Program in March of 2020. Additionally, other complete applicants will be notified of either “alternate” or “complete” status. All complete students must respond to their notification letter by the established deadline communicated within the letter to secure their position on the waiting list. Complete applicants may be considered (by order of consideration date) if an accepted student declines or is disqualified before the start of the program.

   All other SLPA diploma applicants who were incomplete with admissions requirements at that time will receive notification of his/her admission status via CCC&TI student email accounts and letter mailing during March each year. The notification will require a student response to keep their SLPA diploma application active for the next application period.
AFTER ACCEPTANCE – At the time an applicant receives their acceptance notification letter, the following requirements will be expected. Failure to submit proper and complete documentation by the deadlines specified will result in forfeiture of their seat in the class.

1. **Physical examination.**
   An accurate and satisfactory completed student medical form (health form) which includes appropriate documentation of immunizations by the health care provider or county health department and physical exam results must be submitted to Certified Background Check Medical Document Management by **September 1st of the first semester of enrollment**. The physical examination form may be downloaded from the Certified Background web site when the order is placed. **Each student will be responsible for the cost of the electronic health form tracking.** Requirements include current TB (1 step) skin test (within 12 months), mumps/measles/rubella blood titer or vaccine, proof of chicken pox immunity by vaccination or blood titer, and current immunizations for tetanus and diphtheria. The student is also encouraged to obtain Hepatitis B immunizations. Otherwise, the decision to decline the Hepatitis B immunizations must be formally documented.

2. **Infant, Child and Adult CPR certification.**
   One of the following is required: American Heart Association Basic Life Support Provider course OR American Red Cross Professional Rescuer or Healthcare Provider OR National Safety Council Healthcare Provider. A copy of the CPR certification should be submitted by **September 1st**.

3. **Criminal background checks/Drug screening/ other expectations.**
   Criminal background checks and/or drug screenings are required for the student to participate in the clinical component of each SLP course. A signed acknowledgement statement must have been submitted to the Health Sciences Admissions office as an admissions requirement (a copy of the form will be given to the applicant to sign during the information session – see admissions requirement #5). All costs associated with criminal background checks and drug screenings are the responsibility of the student.
   The students will assume responsibility for all health care or emergency room costs they might incur during their clinical rotations.
   The student will assume the responsibility for travel to and from the clinical site and all associated costs.
   The student will complete a final evaluation of all clinical rotation sites, including faculty and educational experience.

4. **Progression Policy**
   A grade of “D” or “F” in any general education coursework must be repeated and completed with a grade of “C” or above as outlined in the SLPA curriculum sequence in order to progress to each subsequent semester of the program. Additionally, all SLP prefixed courses must be completed with a final grade of 80 or above. Failure to maintain this program standard will result in student dismissal from the program. Refer to the SLPA Program Manual for further details.

**Please note:** Each applicant is responsible for:
- completing admission requirements
- confirming receipt of letters and documents in the admissions office
- keeping CCC&TI informed in writing of any personal information changes
- keeping copies of all documentation submitted to CCC&TI.
Technical and Physical Requirements

1.9 Equal Opportunity

Policies for admission, promotion and graduation shall be implemented without discrimination or bias.

The potential student must be without any physical or cognitive impairment that substantially limits the student’s ability to meet critical criteria (theoretical and clinical requirements of each SLPA course). This includes the ability to speak, understand and document clearly using the English language.

1.10 Technical and Physical Requirements for the Speech Language Pathology Assistant program

Students must possess the capability to complete, with or without reasonable accommodations, the entire clinical curriculum. The professional curriculum requires demonstrated proficiency in a variety of cognitive, problem solving, manipulative, communication and interpersonal skills. To achieve these proficiencies, the Speech-Language Pathology Assistant Program requires that each student be able to meet the following technical standards.

Observation

Students must be able to accurately observe patients’ physical status including body type, posture, ability to ambulate, fine motor skills, response to sensory stimuli, and the structure and function of the oral, pharyngeal, and respiratory mechanisms. Additionally, students must be able to accurately observe clients’ behavior including verbal and nonverbal communication patterns. Finally, students also must be able to comprehend text, numbers, and graphs.

Communication

Students must be able to communicate effectively, sensitively, and efficiently with clients and colleagues; comprehend technical, procedural and professional materials; and follow instructions. Students must possess the ability to readily communicate observations and findings, prepare progress notes, correspondence, and treatment reports in a clear, logical and professional manner. Students must be able to perceive the speech of clients and accurately judge its quality. They must be able to readily comprehend language expressed in oral, graphic, and gestural forms. The speech and English language skills of a student must be such that colleagues and clients readily understand them. Moreover, students must be able to model desired exemplars of voice, fluency, articulation, and oral/nasal resonance, as well as features of English grammar and syntax, consistent with the objectives for clients in treatment. Finally, the students’ speech and language skills must be intelligible to allow for administration of speech and language screening instruments in a reliable and valid manner.

Motor Coordination

Students must be able to travel to various clinical practicum sites; access and control equipment (e.g., computers, audiometers, assistive technology, etc.); safely and reliably perform an oral mechanism examination, and engage in oral manipulation (e.g., oral musculature palpation, laryngeal massage) as needed.

Intellect

A student must be able to problem solve effectively, and analyze, integrate and synthesize data concurrently in a multi-task setting. In addition, students must be able to comprehend three-dimensional relationships and understand the spatial relationships of anatomical structures, physiology, pathology and equipment.

Overview of Professional Dispositions, Behavior, and Essential Functions

Students must possess the emotional health required to exercise good judgment, and timely and safely carry out responsibilities. They must be able to adapt to change, display flexibility and learn to function in stressful situations. The students must exhibit empathy for others and focus on the needs of clients. They must exhibit polite behavior, integrity, manage criticism, be reliable and punctual and be respectful in relations with colleagues, faculty and clients. SLPA program students are expected to progress from awareness and understanding to demonstrating, mastering and integrating the following Professional Dispositions, Behavior and Essential Functions. These are required for successful progression through the program.
1) Professionalism: The ability to maintain appropriate hygiene, dress, and demeanor and to follow departmental policies and procedures.

2) Collaboration: The willingness and ability to work together with students, faculty and clients.

4) Respect: The ability to demonstrate consideration and regard for self and others regardless of ethnicity, age, sexual orientation, gender, or religious affiliation.

5) Reverence for Learning: Be able to demonstrate reverence for knowledge, experience, and being prepared for academic and clinical responsibilities.

6) Emotional Maturity: The ability to control emotions by exhibiting appropriate social behavior in the classroom and clinical setting and during other program activities and interactions.

7) Flexibility: The willingness to accept and adapt to change. The student is expected to have the flexibility to function effectively under stress; that is, the individual is expected to be able to learn to adapt to changing environments, to display flexibility and to learn to function in the face of uncertainties inherent in the clinical problems of many clients.

8) Sensory/observational/modeling skills: The ability to recognize typical and disordered fluency, articulation, voice, resonance, respiration, oral and written language, hearing and balance, cognition and social interactions related to communication. Also the ability to model target behaviors related to voice, articulation, fluency, language and resonation.

9) Communication skills: The ability to demonstrate social awareness and the communication skills (including written, verbal and nonverbal) necessary for establishing rapport with clients, conducting clinical sessions, interacting with colleagues, faculty, other professionals.

10) Motor-coordination skills: The ability to perform the physical activities and examinations necessary to making, manipulating, and using necessary equipment without violating treatment/screening protocol and with best therapeutic practice. Sustain necessary physical activity required for classroom and clinical activities. Be responsible for transportation to clinical and academic placements.

Revised 03/13/2019

Since health program standards are mandated by accrediting and regulatory agencies, revisions to the above information may be necessary. Efforts will be made to keep changes to a minimum and finalized one year in advance of the starting date of the program; however, the college reserves the right to revise any part or section as necessary.
