Mark Poarch
President, CCC&TI
Welcome, students of Caldwell Community College and Technical Institute!

My name is Jessica Osgood, and I am honored to be serving as your 2018-2019 Student Government Association President for both Caldwell and Watauga campuses.

The Student Government Association (SGA) at Caldwell Community College and Technical Institute is here to serve the student body as a united voice, provide leadership growth development, and promote self-government within the student body. Our goal is to represent the student body’s views and to improve the entire college experience for the students. The SGA also plans events on both campuses in collaboration with other organizations and clubs, which gives all students more opportunities to be involved.

When I first started attending Caldwell Community College and Technical Institute, I was not involved with campus activities, but I wish I would have been. As a current student, being involved in SGA and campus events has helped me grow as both a leader and a student. I encourage every student to become involved with our campus’s activities and clubs. Doing this will make your college experience so much more memorable as a CCC&TI Cobra.
Please remember the SGA doors are always open on both campuses. We are here for the student body, so please feel free to come and talk to any SGA representatives. The Caldwell campus SGA office is located in E-118 and the Watauga campus SGA office is located in the student lounge. We are so excited to share with you all the exciting activities we have planned.

On a final note, I would like to let everyone know that you are important, and we are ALL in this together as students. I wish each of you the best of semesters!

Sincerely,
Jessica Osgood

CCC&TI has implemented the MyCCCTI Portal to give students and faculty access to services such as Email, Moodle, WebAdvisor and more, all in one place.

- Go to http://www.cccti.edu/PortalLogin.asp
- Click on the tab: Changing my Password and follow the instructions.
- Your username is the first four letters of your first name, middle initial and the last five numbers of your student id. For example, Jane Marie Doe with a student id of 0099879 would be janem99879.
- Your password is the capital letter C followed by your full 7 digit student id followed by the * (asterisk symbol).

Once you have logged in successfully, you can begin using e-mail and other services available.

Special Note to Users:
1. Users with common last names such as Smith, Wilson, Johnson, etc. may need to contact technical support for assistance logging in for the first time.
2. Your new CCC&TI student e-mail address will be: yourusername@students.cccti.edu. For example, Jane M. Doe’s e-mail address would be: janem99879@students.cccti.edu.

If you have problems or need technical assistance, contact Myra Moore at 726-2701 or e-mail googlehelp@cccti.edu.

General Information

Accidents
Accidents during class time should first be reported to the supervising instructor. Outside class time, any student or faculty/staff member who first discovers a serious accident or someone who needs medical attention should immediately call the switchboard or call directly for emergency services (ambulance). If there is any doubt as to the seriousness of the incident, call for emergency assistance first (911). CCC&TI cannot guarantee trained first-aid personnel will be available. First aid kits are available throughout the college. Contact the main switchboard for their locations.

Accident forms should be completed on all first-aid emergencies within 24 hours of the injury. Forms can be picked up at the switchboard of either campus, E-342, or Student Services and must be completed and returned to the main receptionist areas on either campus. Accident insurance forms for those who have purchased the school policy are available in the Business Office.

Accident Insurance
All CCC&TI students may purchase school-time accident insurance through the college. Any student who is interested in accident insurance may obtain an application and information from the Business Office outlining the cost and coverage.

Attendance
Students are expected to attend all regularly scheduled classes. However, it is recognized that occasional absences may be necessary. A student is responsible for work missed and is expected to be prepared for the next class. Academic departments establish their own class attendance policy. The attendance policy is explained by the instructor at the first class meeting. Students who have not attended at least once by the 10 percent date of the class will be dropped by the instructor as “never attended.” Pursuant to G.S. 115D-5, students may request two excused absences per academic year for religious observances. Students shall be given the opportunity to make up any tests or other work missed as required by this statute.

General Information

CCC&TI Closings and Delays

Decision Making Process
The Caldwell campus will be closed only by the president of the college or by an administrative designee.

The Watauga campus will be closed by the Executive Director of the Watauga Campus, usually after consulting with the president or designee.

Our primary mission centers around training adults for careers. Our weather calls during winter storms will more closely resemble cancellation decisions made by local business and industry than decisions made by the local school system. As a general rule, we will wait until frozen precipitation hits, begins to stick, and is predicted to sufficiently accumulate before delaying and/or canceling classes. In very few cases (such as 100% probability of heavy accumulation and forecast time beginning well before 8 a.m.), we will make cancellation announcements the evening before a storm hits.

Announcements
No announcement means the institution will operate on a normal schedule.

Delayed Start (Caldwell or Watauga campus)
If we find it necessary to delay morning classes, we will use 8 a.m. as a reference time for delays. For example, “two-hour delay” will actually mean that classes will begin at 10 a.m. and continue thereafter on a regular schedule. If we find it necessary to delay evening classes, we will use 5 p.m. as a reference time for delays. A “one-hour delay,” for example, will mean that all classes that would be in session at 6 p.m. would meet and conclude at their normal time.

Announcements on closings and delays by the college will be made before 6 a.m. for morning classes and before 4 p.m. for evening classes. No announcement means we will operate on a normal schedule.

Early Dismissal (Caldwell or Watauga)
When the college declares an early dismissal due to inclement weather, an administrative designee will make the announcement over the emergency public address (PA) system.

Other Conditions
Specific inclement weather policies for clinical and other off-campus work experiences have been developed and may be obtained from program directors.

Accessing Inclement Weather Announcements
Students and employees may access the most up-to-date weather information on delayed starts, campus closures, or early dismissals in the following manners:
- College website at www.ccccti.edu/Weather
- Caldwell campus snow line at (828) 726-2900
- Watauga campus snow line at (828) 297-7077
- Register for ReGroup Alert via email, text, or voice messaging at: www.ccccti.edu/Regroup (make sure to select the campus you attend)
- CCC&TI Facebook or Twitter page
Computer Labs
In an effort to provide training and support to students, CCC&TI provides three open-access computer labs that house networked computer stations across both campuses to support student technology needs. These labs provide students with access to computers and hundreds of software programs as well as Internet access outside of class. They are open during the normal operating hours of the college and are staffed with employees, whose responsibilities include providing technical support to students and faculty, monitoring the lab and maintaining the working order of the computer systems. Student i.d. cards are required to access open computer lab services. See computer usage policy on page 39. The full policy may be viewed by going to http://www.cccti.edu/Students/documents/StudentComputerUserPandP.pdf

Labs are located in the Academic Support Center (ASC) on both campuses and in the John A. Forlines Building (Caldwell Campus).

Continuing Education and Workforce Development
The Continuing Education/Workforce Development Division of Caldwell Community College and Technical Institute seeks to provide accessible, quality educational instruction in Occupational Extension courses to individuals who seek to enhance their employment skills and to offer a variety of Community Service and Self-Supporting courses to individuals and the community for personal enrichment. See page 56 for more information.

Distance Learning
Busy, working adults can benefit from a significant number of distance learning courses at CCC&TI. Distance learning, often called DL, enables students to take courses somewhere other than one of the college’s two campuses. This means most of the coursework, including exams and quizzes, can be completed from home and have the same credit hours as conventional courses. Distance learning courses come in a number of forms. Almost half of the DL courses CCC&TI offers are Internet-based classes, where students use a Web browser to log in to a Web-based application, called Moodle, to download course work and assignments, turn in assignments, participate in discussion boards with classmates and the instructor, take exams and check their grades. Hybrid courses combine the use of the Internet and/or DVDs with traditional classroom-based learning techniques. For more information about CCC&Ti's Distance Learning offerings and requirements, or to learn more about Moodle, visit www.cccti.edu/DL or call 828-726-2707.

Food Service
The Student Lounge and Food Service areas at Caldwell Community College and Technical Institute are located on the ground floor of E Building on the Caldwell Campus and in Building W-372 on the Watauga Campus. Both lounges feature self-checkout Smart Market vending, which offers beverages, fresh food, snacks, pastries and candy. In addition, fresh brewed “bean-to-cup” coffee with three roast selections
will be available. Students may use a credit card, create an account at the kiosk or use the Smart Market mobile app to make purchases.

Smaller vending areas featuring drinks and snacks also are available on the ground floor of H Building on the Caldwell Campus and in the lobby area of the J.E. Broyhill Civic Center.

**Learning Resource Center (Library)**

The Broyhill Learning Resource Center (LRC) seeks to promote student success and support faculty instruction through the development and maintenance of a well-rounded academic collection, high quality instruction and reference assistance, and coordination of online research resources.

Counseling and Advisement Services

CCC&TI provides either directly, or through collaboration and referral, a variety of academic and employment services, as well as both career counseling and brief personal counseling and referral. Services within the Counseling and Advisement department are designed to promote student learning and reduce barriers to attaining personal, academic, and career goals. Service areas within this department include academic advising through our Academic Advising Centers, coordination of ACA Student Success courses, and the provision of both career and personal counseling by professional counselors and advisors. Referrals to external services and supports may be arranged if necessary.

Counselors are available on the Caldwell and Watauga campuses, both day and evening. Although an appointment is preferred, walk-ins are welcome as staffing permits. Referrals to private counselors or mental health providers may be made for students in need of support beyond our scope of practice. The CCC&TI Foundation may provide funds to help pay for a portion of that supportive counseling through the Counseling Referral Program (CRP). Students in urgent need of counseling services at a time when no college counselor is available may contact an on-call mental health professional toll free through Vaya Health at 1-800-849-6127. In cases of risk of injury or psychiatric emergency students should contact 911.

Additional career and employee development activities, as well as personal enrichment opportunities, are offered throughout the year in various formats. Career assessment and counseling services are provided both by individual appointment or through career development workshops as needed. Students seeking employment assistance are encouraged to contact Career Connections at 828-726-2609. Students may also utilize resource links from the Counseling and Advisement Services pages on the college website.

Disability Services
Caldwell Community College and Technical Institute is dedicated to equality of opportunity for its staff and students. CCC&TI does not discriminate against students, employees, or applicants on grounds of race, color, religion, age, gender, national origin, or disability. The college complies with the mandates in the Americans with Disabilities Amendment Act (ADAA) and Section 504 of the Rehabilitation Act of 1973. The law states, “No otherwise qualified handicapped individual shall solely, by reason of his or her handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.” The revised ADAA reads, “It is the purpose of this Act to provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities.” Excellent information about students with disabilities in postsecondary institutions can also be found online at the Office of Civil Rights, US Department of Education. The college’s full Nondiscrimination Statement appears on page two of the current Caldwell Community College & Technical Institute catalog which is available online or in the Learning Resource Center (library).

CCC&TI also abides by all the parameters of FERPA (Family Educational Rights and Privacy Act). Under FERPA requirements, a student has to sign a release form in Student Services if that student wants to allow representatives from Disability Services to share educational information with any individuals other than those individuals who are specifically related to the student’s educational benefit. The college ensures that all programs and services offered are available and accessible to people with disabilities. To accomplish this goal, both physical access and program access must be provided. In addition to removing architectural barriers, reasonable accommodations are often made in the instructional forum to ensure full educational opportunity to all. However, academic standards are not compromised as part of the accommodation process.

If a student intends to request accommodations and chooses to contact Disability Services and identify themselves as a person with a disability, DS representatives will need appropriate documentation for the disability from the student and determine, through an interactive process, reasonable accommodations. Documentation must come from a qualified, licensed professional in the area of the specific disability and should address the impact of the disability on the student’s educational process. Instructors, students, and DS representatives work together to determine the accommodations that are uniquely applicable and reasonable for each student. Accommodations may apply to seated, hybrid, and online classes as well as to other offerings of the college.

If a student provides documentation to Disability Services late in the semester, accommodations are not applied retroactively; however, accommodations may begin anytime during a semester. In addition, accommodations may change at any time for a student depending on that student’s unique situation and supporting documentation. After identifying to Disability Services and providing documentation, students should visit or contact the DS representative on campus as early as possible every semester and arrange for reasonable accommodations for that semester’s curriculum. Visits during the semester to keep personnel informed and up-to-date on any problems or perceived barriers are also recommended.
Questions and concerns from students, faculty, and staff are always welcome.

**How to Obtain Services**
- Contact Disability Services personnel on the campus where you will be attending classes or where you registered for online classes.
- Provide DS with current documentation of your disability.
- Request services in a reasonable time to allow personnel adequate time to arrange services.
- Visit DS regularly at the beginning of every semester and anytime during each semester, keeping them informed of your progress or problems.

  - Starting Spring Semester - Target FAFSA Date is October 1
  - Start Summer Semester - Target FAFSA Date is March 1
  *NOTE: These are target dates not deadlines.
- Review your Student Aid Report (SAR). Read it carefully and follow all instructions.
- Review award or notification email. When you receive an award notification of financial aid, please read it carefully, and contact the Financial Aid Office if you have questions.
- Total withdrawal from all courses prior to the 60% point of the semester usually causes the student to owe money back to the various aid programs. Review calendar deadlines and other aid related information on the FA homepage regularly. Contact the Financial Aid office should you have questions.

**Remember:** You must file the FAFSA or the Renewal FAFSA to apply for federal financial aid each year. You may also need to complete other required forms from the college each year as well. Financial Aid only assists students in eligible programs of study taking course work directly in that program while the student is meeting Satisfactory Academic Progress standards of a minimum 2.0 Cumulative GPA and a minimum 67% Completion Rate for all attempted coursework. Aid may not pay for courses taken outside of the major or through Continuing Ed, and not for a course being repeated more than once. Any time you are planning to take classes at another college while receiving aid at CCC&TI, see the Director of Financial Aid in advance.

Many academic and need-based scholarship opportunities are posted throughout the year at the Financial Aid Office, online and in the Student Lounge of the Caldwell Campus. Stay informed!

In addition to locations on both campuses, online services are available. Visit the Writing Center’s web page for more information.
Academic Progress

CCC&TI’s academic standards policies attempt to maintain academic quality and prevent prolonged failure for all students. Procedures are designed to identify students with academic difficulty and to ensure effective and fair corrective action. Maintaining a viable procedure requires the commitment of faculty, staff, and students. The faculty/staff will:

- inform all students of minimum academic standards and grading procedures,
- alert at risk students through the Early Alert form of academic difficulty as early in the semester as possible,
- post to WebAdvisor final semester grades and grade point averages immediately following the semester grade report period. Note: Copies of the policies for specific programs in health sciences are distributed to each student enrolled and are available with each program director and in the office of Student Services.

Each student is expected to maintain satisfactory progress toward meeting his/her academic goals. The cumulative grade point average (GPA) is reviewed at the end of each semester to determine whether the student has made the expected progress. Developmental courses are included in the GPA calculation if the course was completed with CCC&TI.

The GPA will be calculated using the highest grade for each course taken at Caldwell Community College and Technical Institute. A student whose cumulative GPA falls below the following standards will be placed on academic warning, followed by probation and or suspension.

Academic Warning

A student failing to meet the minimum cumulative GPA during any semester or term will receive an academic warning notification from student services. The warning status notification will inform the student of his/her academic status and require the student to meet with his/her assigned advisor to develop an academic improvement plan.

Academic Probation

A student who continues to remain below the required standards for a second consecutive semester is placed on academic probation. A student placed on academic probation will receive notification informing the student of his/her academic status. A student on academic probation must meet with an assigned advisor to prepare an academic improvement plan to improve his/her academic performance. A student on academic probation must meet with his/her academic advisor in order for the advisor to register the student. While on probation, the student will be able to register for a maximum of twelve credit hours for fall and spring semesters and a maximum of six credit hours for summer term.
Academic Suspension
A student who is on academic warning/probation for two or more successive semesters will be subject to a one semester suspension. A student on academic suspension who believes extenuating circumstances exist that should prevent the suspension may appeal the academic suspension. The student must submit a written appeal to the appeals committee. An appeals committee which could be composed of the student's assigned advisor, Student Services representative, faculty/staff member of the student’s choice, and/or coordinator of the Advising Center based upon campus location will meet to determine appropriate action. If the suspension is upheld, refund of tuition will be allowed as outlined in the college catalog. A student's right to appeal any decision is outlined in the grievance procedure printed in the college catalog. A student may automatically enroll for the semester following suspension but will continue to be on probation until his/her cumulative G.P.A. reflects necessary improvements.

Grading System
Official grades are issued for each student at the end of each semester. Students who lack passing averages at mid-semester should schedule a conference with the instructor and/or faculty advisor.

Students will be graded by the grade system listed below and assigned a grade point equivalent in quality points for each semester.

Grades of P(Pass) and R(Repeat) will not be used in the calculation of Grade Point Averages.

Student Records (Transcripts, Confidentiality)

Student records may be obtained from the Student Services Office on both campuses. Requests must be made in writing, including student signature, at least 24 hours in advance. Transcripts may be picked up, with proper identification, or mailed as indicated in the written request. Request forms are available in the Continuing Education and Student Services Offices on both campuses and online under Current Students then by accessing the Information and Forms tab.

Confidentiality of Student Records

CCC&TI protects the privacy of students in accordance with the Family Educational Rights and Privacy Act of 1974. FERPA, also known as the Buckley Amendment, is a complicated piece of legislation which basically protects the privacy of students and allows for the accessing of student records by the student.

Student Rights

CCC&TI protects the privacy of student educational records in accordance with the Family Educational Rights and Privacy Act of 1974, as amended. According to the “Act”, an educational record is defined as those records, files, documents, and other materials which contain information directly related to a student and are maintained by the college. According to FERPA, students have the right to:

- Inspect and review their educational records.
- Seek amendment to their educational records that they believe to be inaccurate, misleading or otherwise in violation of their privacy rights under FERPA.
- Consent to disclosures of personally identifiable information contained in their record, except to the extent that FERPA authorizes disclosures without consent.
- File with the U.S. Department of Education a complaint concerning alleged failures by the College to comply with FERPA.

Students may exercise the right to inspect and review their education record by providing a written request to the Registrar. Students may seek amendment to their educational record by contacting the Registrar who will attempt to resolve the issue. If the student is not satisfied with the resolution, then he/she may file a formal grievance with the Vice-President of Student Services according to procedures outlined in the College Catalog and Student Handbook.

Generally, schools must have written permission from the student in order to release any information from a student’s education record. However, FERPA allows schools
to disclose those records, without consent, to the following parties or under the following conditions (34 CFR §99.31):

- CCC&TI faculty and staff who are determined to have a legitimate educational interest may access student records. Faculty/staff are considered to have a legitimate educational interest if they might reasonably need to access information to conduct official college business.
- To comply with a lawfully issued subpoena or judicial order.
- To officials of another college in which a student intends to enroll or has enrolled.
- To authorized representatives on the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the Department of Education, or state and local education authorities.
- In connection with the application for, or receipt of, financial aid.
- To accrediting organizations.
- To appropriate officials in case of a health and safety emergency.
- State and local authorities, within a juvenile justice system, pursuant to specific state law.
- To authorized officials for audit or evaluation purposes.
- Organizations conducting certain studies for or on behalf of the school.
- Outcomes of disciplinary proceedings may be released to the victim of an alleged perpetrator of a crime of violence or non-forcible sex offense.
- To parents, as defined in 34 C.F.R. 99.3 of a dependent student under the Internal Revenue Code. *

- Directory Information.**

* Under the Act, CCC&TI may not disclose personally identifiable information to the parents of an “eligible student” without the written consent of the student unless the disclosure is to parents of a dependent student as defined in Internal Revenue Code. An “eligible student” means a student who is 18 years of age or is attending an institution of postsecondary education. Parents must provide appropriate tax return information documenting the dependent status of the student before disclosure will be made without his/her written consent.

** A part of FERPA states that certain information called “directory” information can be disclosed without the written consent of the student. Directory information includes information contained in the educational record of a student that would not be considered harmful or an invasion of privacy if disclosed. CCC&TI may disclose the following information without written consent unless the student notifies Student Services in writing that such information is not to be made available:
- Student name
- Address
- E-mail address
- Dates of attendance
- Degrees/diplomas/certificates and awards received
- Participation in officially recognized activities
- Most recent previous institution

* Approved by the CCC&TI Board of Trustees November 15, 2011

Student Status-(Full-time)
Full-time status for financial aid (Pell Grant) students is always a minimum of twelve credit hours for each semester. Full-time status for insurance verifications is a minimum of twelve credit hours for fall and spring semesters and nine credit hours for summer semester. Continuing Education Units do not count toward these totals. Contact the Registrar if more information is needed.
Student Activities

Student Activities occur under the guidance of the Student Activities Director, Kim Lackey and the Coordinator of Student Activities Diane Mazza. Communicable disease is defined as an illness due to an infectious agent or its toxic products which is transmitted directly or indirectly to a person from an infected person or animal through the agency of an intermediate animal, host or vector, or through the inanimate environment (NC G.S. 130A-133). Communicable diseases shall include, but not be limited to, AIDS, conjunctivitis, chicken pox virus, Hepatitis A, B and D, infectious mononucleosis, influenza, measles, meningitis, positive HIV antibody status, sexually transmitted diseases, tuberculosis, whooping cough, and MRSA.

Students who know, or have a reasonable basis for believing, that they are infected with a communicable disease have an ethical and legal obligation to conduct themselves in accordance with such knowledge, to protect themselves and others. A student who is infected or suspects he/she is infected is urged to report his/her condition to the Vice President of Student Services. All information will be kept confidential.

Persons infected with any communicable disease will not be excluded from enrollment, or restricted in their access to College services or facilities, unless medically based judgment in individual cases establish that exclusion or restriction is necessary for the welfare of the individual or for the welfare of other members of the College community. Temporary exclusion from access to the campus or enrollment may be appropriate in individual cases if deemed necessary until a medical judgment can be made.

Students should contact the Vice President of Student Services and employees should contact the Human Resources Office.

Each case will be evaluated and final determination of the student’s ability to remain in school will be made by the Vice President of Student Services. If deemed appropriate, a student in a high risk situation who has been temporarily removed from the classroom may be placed in an alternative educational program. College officials are required to report certain diseases to the local health department (G.S. 130A-142). Confidentiality of such reports is protected by law (G.S. 30A-143), and officials cannot be held liable for reporting. The college will not accept checks for at least three years from an individual if one is returned. All checks written to CCC&TI must include the individual’s student identification number.

Academic Integrity Policy
It is the responsibility of every student, staff member, and instructor at CCC&TI to maintain the highest standards of academic integrity. For this reason, the college will not tolerate any instance of plagiarism or cheating, or any act that violates standards necessary to maintain academic honesty.

Violations of the college’s Academic Integrity Policy include, but are not limited to:
1. Cheating includes taking, possessing, or using any academic material (test information including test banks, research papers, notes, etc.) without permission; receiving or giving help during tests; copying or attempting to copy another person’s paper, exam, assignments or similar materials, or other graded work; or allowing another to copy such paper, exam or graded work. In addition, use of any unauthorized electronic devices during a testing situation may be in violation of the policy as well.
2. Plagiarism is defined as representing as one’s own another’s work or ideas, or any part thereof, published or unpublished. It includes copying a phrase, sentence, or passage from another’s work and not identifying or citing that source; failing to cite a source fully, inadequate paraphrasing or summarizing; or attempting to pass off as one’s own a paper written by another.
3. Collaboration is intentionally helping or attempting to help another to commit an act of academic dishonesty. It includes intentionally allowing another to copy from one’s paper during an examination or test; intentionally distributing test questions
Institutional Policies

or substantive information about the material to be tested before the scheduled exercise; collaborating on academic work knowing that the collaboration will not be reported; taking an examination or test for another student, or signing a false name on an academic exercise. These become violations when they involve dishonesty. Instructors should make expectations about collaborations clear to students. Students should seek clarification when in doubt.

4. Furnishing false information with the intent to deceive members of the college faculty or administration who are acting in the exercise of their official duties.

Violations of this policy will result in failure of the course and academic probation for one semester. Subsequent violations will result in suspension or expulsion from the college. Any student who disagrees with the penalty associated with violations of the academic integrity policy may file an appeal in accordance with the college’s Grade Appeal Procedure as outlined in the college catalog and student handbook.

Intellectual Property

The college encourages the development, writing, invention, and production of intellectual property designed to improve the productivity of the college and/or to enhance the teaching and learning environment.

A college employee or student owns all rights to copyrightable or patentable independent works created by that employee or student without college support. Unless otherwise provided in a rights agreement, the college owns all rights to a copyrightable or patentable work created by an employee with college support. Students may not use college equipment or resources for works for hire. Both students and the college retain portfolio rights to the works that may result from student assignments.

The Board of Trustees of the college reserves the right to grant to others, including the creator of the qualifying item, copyrights or patents that are the property of the college. To secure the copyright or patent for an item covered under U.S. Code and created on the college’s time or with the college’s funds, resources, or facilities, a written request must be submitted to the Board of Trustees and its permission received.

Procedure

1. Intellectual and creative works that can be copyrighted or patented, such as literary, dramatic, musical and artistic works, computer software, multimedia presentations, inventions, discoveries, etc., are “intellectual property.”

2. The ownership of a copyright or patent resulting from the development of intellectual property and any rewards or recognition attributed to the copyright or patent will be determined according to the following conditions:
   a. Ownership resides with the employee or student if the following criteria are met:
      1) The work is the result of individual initiative, not requested by the college.
      2) The work is not the product of a specific contract or assignment made as a result of employment with the college.
      3) The work is not prepared within the scope of the individual’s college job duties.
      4) The work involves insignificant use of college facilities, time, and/or other resources and is not derivative of any other college-owned copyright.
      5) The college’s name or symbols may not be used in the production or marketing of items not copyrighted or patented by the college.
   b. Ownership resides with the college if the above criteria are not met and/or if the following criteria apply:
      1) The work is prepared within the scope of an employee’s job duties.
Institutional Policies

2) The work is the product of a specific contract or assignment made in the course of the employee’s employment with the college.

3) The development of the work involved significant facilities, time, and/or other resources of the college including, but not limited to, released time, grant funds, college personnel, salary supplement, leave with pay, equipment, or other materials or financial assistance, or is derivative of any other college-owned copyright.

4) Notwithstanding these provisions, a student retains portfolio rights to works created by the student as a class assignment or as part of a pro-bono commission approved as a student project by an instructor. A pro-bono commission is work that an instructor may approve for students to undertake as a skill-building opportunity.

Students may receive token payments provided by the person or group that commissions such a work.

3. The college and the employee or the college and the student may enter into an agreement for an equitable arrangement for joint ownership, sharing of royalties, or reimbursement to the college for its costs and support. When it can be foreseen that commercially valuable property will be created, the college and the employee or the college and the student should negotiate an agreement for ownership and the sharing of benefits prior to creation of the property. In all such cases, the agreement shall provide that the college will have a perpetual license to use the work without compensation to the employee or student for such use.

4. If an employee is granted full or partial leave with pay (e.g. release time or educational leave), to write, develop, produce, or invent intellectual property, the employee and the college will share in any financial gain, and the college’s share will be negotiated prior to the time the leave is taken.

5. Notwithstanding the provisions of this policy, the ownership provisions of the grant shall prevail in the case of a work created under a grant accepted by the college.

Grade Appeal Policy

1. Statement of Policy
The purpose of the Student Grade Appeal Procedure is to provide an orderly and equitable process for resolving differences between students and faculty relating to final course grades. A course grade assigned in a manner consistent with CCC&TI policy can be changed only by the instructor. College administrators can direct a grade to be changed only when it is determined through the procedure established by this policy that the faculty member assigned the course grade impermissibly or arbitrarily as defined below.

Faculty Responsibility:
It is a fundamental principle of higher education that faculty members are expected to exercise their professional judgment in evaluating student performance. At the same time, faculty members have the responsibility to specify in each of their courses at the beginning of the academic term:

- Course requirements and expectations for academic performance
- Procedures for evaluating performance (method(s) of evaluation and grading scales).

Faculty members must clearly document to all students in the course any subsequent additions to or changes in these requirements, standards, and procedures. Finally, faculty members have the responsibility to apply the specified grading criteria equitably to the academic performance of all students in the course regardless of their
Institutional Policies

race, color, creed, national origin, sex, age, sexual orientation, disabling condition, or other personal characteristics.

Student Responsibility:
Students have the responsibility to know and adhere to college policies and standards pertaining to them. As students willingly accept the benefits of membership in the Caldwell Community College and Technical Institute academic community, they are obligated to uphold and observe the principles and standards articulated in the Caldwell Community College and Technical Institute Catalog and the Caldwell Community College and Technical Institute Student Handbook.

II. Applications and Definitions
For purposes of this policy, a course grade is deemed to have been assigned arbitrarily or impermissibly if, by clear and convincing evidence, a student establishes that:
1. The course grade was based upon the student's race, color, creed, national origin, sex, age, sexual orientation, disabling condition, or other personal characteristics, or for some other arbitrary or personal reason unrelated to the instructor's exercise of his or her professional academic judgment in the evaluation of the academic performance of the student; or
2. The course grade was assigned in a manner not consistent with the standards and procedures for evaluation established by the instructor, usually at the beginning of the course in the course syllabus but supplemented on occasion during the semester in other clearly documented communication directed to the class as a whole; or
3. The course grade assigned by the instructor was the result of a clear and material mistake in calculating or recording grades. Individual elements (e.g., assignments, tests, activities, projects) which contribute to a course grade are generally NOT subject to appeal or subsequent review during a grade appeal procedure. However, individual elements may be appealed under these procedures providing all of the following conditions are met:
a. The student presents compelling evidence that one or more individual elements were graded on arbitrary or impermissible grounds (defined in 1 - 3 above in this section);
b. Grounds can be established for determining a professionally sound grade for the appealed element(s); and
c. The ensuing grade for each appealed element would have resulted in a different course grade than that assigned by the faculty member.

III. Procedure
A student who believes his/her final grade in a course has been incorrectly assigned may seek corrective action through the following procedure.

Informal Grade Appeal Process: Every reasonable effort should be made to resolve the matter at the informal level.

Step 1 - Consultation with the faculty member:
The student should first request a meeting with the instructor to explain why he/she considers the grade to be incorrect. If the instructor is not available, the student should contact the program coordinator/director or department dean to schedule an appointment with the instructor. This meeting must occur within the first two weeks of the next semester. The instructor should document the result of the meeting and maintain this record in the event the appeal proceeds further.

Step 2 - Consultation with the program coordinator/director:
If the student and the instructor fail to reach a mutual agreement, the student may
submit a written appeal to the program coordinator/director of the area within five (5) business days. The coordinator/director should document the result of the meeting and maintain this record in the event the appeal proceeds further.

Step 3 - Consultation with the department dean:
If the student and program coordinator/director fail to reach a mutual agreement, the student may submit a written appeal to the department dean within five (5) business days. The department dean should document the result of the meeting and maintain this record in the event the appeal proceeds further.

Formal Grade Appeal Process: If the dispute over the course grade cannot be resolved through the informal process outlined above, the student may submit a Grade Appeal Form, available from Student Services, to the president within five (5) business days of the consultation with the department dean.

Step 4 - Appeal to the president:
   a. Once the formal grade appeal is received, the president will appoint a grade appeal committee to hear the appeal within ten (10) business days of the receipt of the appeal.
   b. The grade appeal committee will be chaired by the executive vice president, or a designee, who will be a non-voting member except in the case of a tie. Voting members will consist of four (4) faculty members not associated with the appeal, one (1) student representative with a minimum GPA of 2.5 or greater, and the vice president of the instructional area in which the grade appeal has occurred.
   c. The grade appeal hearing will be conducted in closed session in accordance with the Open Meetings Law unless otherwise requested in writing by the student. Neither the college nor the student will be permitted to have legal representation during the grade appeal hearing.
   d. The committee will be made up of members from the campus of attendance to assure a fair and equitable hearing.
   e. The committee will hear all parties involved and render a written decision that is considered to be fair and educationally sound within ten (10) business days. The decision of the committee will be the final binding decision for the institution.

IV. Substitution Provisions
In the event that the faculty member whose grade is being reviewed is also a department dean or program coordinator/director, the vice president of the instructional area shall do those things required by the dean or coordinator/director. In the event that the faculty member whose grade is being reviewed is also the vice president of the instructional area, the president can name an appropriate substitute to perform the functions of the vice president as required by this policy.

Drugs and Alcohol
CCC&TI is committed to an environment that supports the pursuit and dissemination of knowledge. All students share in the responsibility of protecting and promoting that environment. The illegal use of drugs and alcohol by students adversely affects this educational environment. North Carolina and/or Federal laws attempt to control use of drugs and alcohol. All behavior which is prohibited by federal, state, and local laws is also prohibited on campus. The illegal use of drugs and alcohol is not compatible with personal health and welfare or with the pursuit of academic excellence and will not be tolerated by CCC&TI.
Institutional Policies

The college provides ongoing educational programs to students and staff which emphasize drug abuse prevention. Referrals to community and regional counseling and rehabilitation resources will be made as appropriate. See Student Services for counseling and referrals. Drug and alcohol prevention information can be found at http://www.cccti.edu/ConsumerInfo/DrugAlcoholPrevent.htm.

CCC&TI will also act through formal disciplinary and legal procedures to control the illegal or abusive use of drugs and alcohol. No public consumption of drugs or alcohol will be permitted on campus. Violations will result in prompt disciplinary action which may result in suspension or dismissal from school.

Sexual Harassment
Sexual harassment is defined as a prohibited act of sexual discrimination and is unlawful. It can be verbal, visual, physical, or communicated in writing or electronically. Any student found to have engaged in sexual harassment, whether or not the harassment rises to the level of a civil rights violation, will be subject to appropriate disciplinary measures commensurate with the offense, including, but not limited to, expulsion. Any CCC&TI student who believes he/she has been discriminated against or desires more information regarding this policy should contact the Vice President of Student Services or the Director of Human Resources.

Title IX Compliance
Title IX (1972) aims to eliminate gender bias in educational environments. The 2013 reauthorization of Title IX expands the definitions of gender bias to include sexual assault, sexual harassment, domestic violence, and stalking, and it expands the expectation of colleges and universities in handling gender bias incidents. Along with the Clery Act, the Violence Against Women Act (VAWA) and the Campus SAVE Act, Title IX is in place to ensure a safe and healthy learning environment.

Caldwell Community College and Technical Institute (CCC&TI) is dedicated to providing an educational and work environment that is free from gender bias, sexual assault, sexual harassment, domestic and dating violence and stalking. As part of CCC&TI’s Title IX compliance efforts, all employees of the college are mandated to report any known or suspected violations of Title IX to the Title IX Coordinator (Dena Holman) or to a Title IX Deputy (Director of Human Resources and Kim Van Wie).

Solicitation
The general policy of the college is that of prohibiting non-college-related solicitations, public signage and announcements on property owned, leased or operated by the college.

Non-profit solicitations for fundraising purposes for civic clubs, schools, churches, etc. is allowed on a limited basis for current students and employees. The Vice President of Student Services is responsible for ensuring that such solicitations by students are unobtrusive and do not disrupt the educational process.

Non-profit solicitation to provide information and materials to the college community is also allowed on a limited basis. Requests must be made in writing to the office of the President who will provide a response in 10 working days. The college reserves the right to determine the time and location of such solicitations/distributions.

The college reserves the right to deny or stop any action on campus which does not contribute to the college’s mission, disrupts the educational process or presents a clear

6. Any solicitations for money or in-kind gifts must be reviewed for compatibility with the institutional purpose and coordinated and approved by the Foundation Office.
7. No clubs may sell meals or food unless purchased pre-packaged. The culinary club is exempt from this if the items are prepared in a state-inspected kitchen.

Tobacco Use Policy
Caldwell Community College and Technical Institute (CCC&TI) is committed to providing a safe and healthy environment for its students, employees, and visitors. CCC&TI recognizes that the use of tobacco products on campus grounds is detrimental to the health and safety of students, staff, faculty, and visitors (including guests and contractors).

Student Rights, Responsibilities & Code of Conduct

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the community. Students should exercise their freedom with responsibility. As members of the academic community, students are subject to the obligations that accrue to them by virtue of this membership. As members of the larger community of which the college is a part, students are entitled to all rights and protection accorded them by the laws of that community. By the same token, students are also subject to all laws, the enforcement of which is the responsibility of duly constituted authorities. When students violate laws, they may incur penalties prescribed by legal authorities. In such instance, college discipline will be initiated only when the presence of the student on campus will disrupt the educational process of the college. However, when a student’s violation of the law also adversely affects the college’s pursuit of its recognized educational objectives, the college may enforce its own regulations. When students violate college regulations, they are subject to disciplinary action by the college whether or not their conduct violates the law. If a student’s behavior simultaneously violates both college regulations and the law, the college may take disciplinary action independent of that taken by legal authorities.

Student Rights

• All rights and privileges guaranteed to every citizen by the Constitution of the United States and by the state of North Carolina shall not be denied any student.
• Student performance will be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.
• Students have the right to freedom of expression, inquiry, and assembly without restraint or censorship subject to reasonable and nondiscriminatory rules and regulations regarding time, place, and manner.
• Students have the right to inquire about and to propose improvements in policies, regulations and procedures affecting the welfare of students through established student government procedures, campus committees, and college offices.
• Students and former students have the right to review their official records and to request a hearing if they challenge the contents of these records.
• No disciplinary sanctions other than temporary removal from class or activity (only for duration of said activity) may be imposed upon any student without due process. Due process procedures are established to guarantee a student accused of a student code of conduct violation the right to a hearing, a presentation of charges, evidence for charges, the right to present evidence, the right to have witnesses on one’s behalf and to hear witnesses on behalf of the accuser(s), the right to counsel, and the right of appeal.

Student Code of Conduct

The college reserves the right to maintain a safe and orderly educational environment for students and staff. Therefore, when, in the judgment of college officials, a student’s conduct disrupts or threatens to disrupt the college community, appropriate disciplinary action will be taken to restore and protect the sanctity of the community. Students are expected to conduct themselves in accordance with generally accepted standards of scholarship and morality. The purpose of this code is not to restrict student rights but to protect the rights of individuals in their academic pursuits.

The following are violations of the Student Code of Conduct:
• Academic Dishonesty (See Academic Integrity Policy); a second violation of the CCC&TI Academic Integrity Policy shall be treated as a disciplinary issue carrying
Code of Conduct

severe consequences.

• Theft of, misuse of, or damage to college property, or theft of or damage to property of a member of the college community or a campus visitor on college premises or at college functions; unauthorized entry upon the property of the college or into a college facility or a portion thereof which has been restricted in use and thereby placed off limits; unauthorized presence in a college facility after closing hours.

• Possession, or distribution, of alcoholic beverages or being in a state of intoxication on the college campus or at college sponsored or supervised functions off campus or in college owned vehicles. Possession, use or distribution of any illegal drugs, except as expressly permitted by law. Any influence which may be attributed to the use of drugs or of alcoholic beverages shall not in any way limit the responsibility of the individual for the consequences of his/her actions.

• Lewd or indecent conduct, including public physical or verbal action or distribution of obscene or libelous written material.

• Mental or physical abuse of any person on college premises or at college sponsored or college supervised functions, including verbal or physical actions which threaten or endanger the health or safety of any such persons or which promote hatred or racial prejudice.

• Any act, comment, or behavior which is of a sexually suggestive or harassing nature and which in any way interferes with a student's or an employee's performance or creates an intimidating, hostile or offensive environment.

• Any act or misuse of technology that is directly prohibited by the current computer usage policy.

• Intentional obstruction or disruption of teaching, research, administration or disciplinary proceedings or other college activities, including public service functions and other duly authorized activities on college premises.

• Occupation or seizure in any manner of college property, a college facility or any portion thereof for a use inconsistent with prescribed, customary or authorized use.

• Participating in or conducting an assembly, demonstration or gathering in a manner which threatens or causes injury to person or property; which interferes with free access to, ingress or egress of college facilities; or which is harmful, obstructive or disruptive to the educational process or institutional functions of the college; remaining at the scene of such an assembly after being asked to leave by a representative of the college staff.

• Possession or use of a firearm, incendiary device or explosive, except in connection with a college approved activity. This also includes unauthorized use of any instrument designed to inflict serious bodily injury to any person.

• Any conduct which materially and adversely affects the educational process.
• Any physical, emotional or behavioral problems that adversely affects the safety of students and the educational process.

Disciplinary Procedures

Immediate Dismissal
Any instructor or administrative officer may dismiss a student from the class or the college if an act of misconduct threatens the health or well being of any member of the academic community or seriously disrupts the function and good order of the college. Prior to dismissal, student(s) shall be given the opportunity to explain his or her conduct to the suspending instructor or administrative officer.

Charges
Any administrative official, faculty member, or student may file charges with the vice president of student services against any student or student organization for violations of college regulations. The individual(s) making the charge must make the following information available to the vice president of student services:
• name of the student(s) involved.
• the alleged violation of the specific code of conduct.
• the time, place, and date of the incident.
• the name(s) of person(s) directly involved or witnesses to the infractions.
• any action taken that related to the matter.
• desired solution.

Disciplinary Process
In order to provide an orderly procedure for handling student disciplinary cases in accordance with due process and justice, following procedures will be followed:

Charges: Any administrative official, faculty member, or student may file charges with the Vice President of Student Services against any student or student organization for violations of college regulations.

Investigation and Decision
Within 5 working days after the charge is filed, the Vice President of Student Services shall complete a preliminary investigation of the charge and shall schedule a meeting with the student. After discussing the alleged infraction with the student, the Vice President or designee may act as follows:
• Drop the charges.
• Impose a sanction consistent with those shown below.
• Refer the student to a college office or community agency for services.

Code of Conduct

any subsequent offense against the Student Code of Conduct will carry heavier penalties.

• General Probation: An individual may be placed on General Probation when involved in a minor disciplinary offense; General Probation has two important implications: the individual is given a chance to show his/her capability and willingness to observe the Student Code of Conduct without further penalty; secondly, if he/she errs again, further action will be taken.

• Restrictive Probation: Restrictive Probation results in loss of good standing and becomes a matter of record. Restrictive conditions may limit activity in the college community. This probation will be in effect for no less than two semesters. Any violation of Restrictive Probation may result in immediate suspension.

• Restitution: Paying for damaging, misusing, destroying or losing property belonging the college, college personnel or students.

• Interim Suspension: Exclusion from class and/or other privileges or activities as Institutional Policies set forth in the notice, until a final decision has been made concerning the alleged violation.

• Withholding transcript, diploma, or right to register: Imposed when financial obligations are not met.

• Suspension: Exclusion from class(es) and/or all other privileges or activities of the college for a specified period of time. Students who receive this sanction must get specific written permission from the Vice President of Student Services or designee before returning to campus.

• Expulsion: Dismissing a student from campus for an indefinite period. The student loses his/her student status. The student may be re-admitted to the college only with the approval of the President.

• Group Restriction: Removing college recognition during the semester in which the offense occurred or for a longer period (usually not more than one other semester).

Appeals Procedure
A student who disagrees with the decision of the Vice President of Student Services or designee may file a formal grievance as follows.

Grievance Procedures
Statement of Policy
CCC&TI is committed to mutual respect among all constituents of the college community. The purpose of this procedure is to provide CCC&TI students an equitable and orderly process to resolve grievances other than sexual harassment complaints and grade appeals. Because separate policies/procedures exist for these disputes, complaints of this nature are excluded from consideration under this policy.

Definition: A grievance exists in any situation in which students feel that there has been a violation, misinterpretation, or misapplication of an existing college policy including complaints alleging discrimination or harassment on the basis of race, color, creed, national origin, sex, age, sexual orientation, disabling condition, or other personal characteristics.

Every attempt should be made to resolve violations of policy in an informal manner and
only when these attempts are not successful should the formal procedure be utilized. Persons involved in the grievance procedures shall not be coerced, intimidated, or suffer any reprisal. The Student Grievance Form can be located at: www.cccti.edu/documents/StudentGrievanceForm.pdf.

Informal Procedure
Prior to filing a formal grievance, students are strongly encouraged to discuss their grievances with the person alleged to have caused the grievance. The purpose of this informal discussion is to provide the student, faculty member, or other person with authority the opportunity to address and resolve the grievance at the lowest possible level.

a. The student shall first informally discuss the matter in question with the college faculty or staff member most directly involved. If the meeting with the college employee fails to produce a satisfactory settlement, the student may appeal directly to the employee’s immediate supervisor.

b. Should an informal discussion fail to produce a satisfactory settlement of the grievance, the student should contact the employee’s immediate supervisor, who will attempt to mediate a resolution. If these informal discussions do not satisfactorily resolve the grievance, the student may initiate the formal grievance procedure.

Formal Procedure
Step One: In the event the matter is not resolved informally, the student may submit the grievance in writing to the vice president of student services who shall hear all parties involved in the grievance and render a written decision. Note: The grievance may be initiated at or moved to Step Two without a hearing at a lower step(s), if both parties agree.

A copy of the grievance must be filed as provided in Step One within twenty (20) business days from the date on which the act or purported act which is the subject of the grievance occurred.

The vice president of student services will hear all parties involved in the grievance and render a written decision within five (5) business days of receipt of the grievance. If the grievance is against the vice president of student services, the president will perform the functions of the vice president of student services as required by this policy.

a. Should a grievance not be satisfactorily resolved or should no decision be forthcoming in the time prescribed above, the grievance may, within five (5) business days, be submitted to the next step.

If the finding or resolution of a grievance at any step in the grievance procedure is not appealed within ten (10) business days, the grievance will be considered settled on the basis of the last answer provided, and there shall be no further appeal or review.

Step Two: If the grievance is not resolved satisfactorily in Step One, it may be appealed to the Grievance Committee, who will make a decision regarding the grievance. This decision shall be binding to all parties.
The Grievance Committee will hear all parties involved in the grievance and render a written decision within ten (10) business days of receipt of the appeal from the Step One decision.

a. Time limits under the procedure may be changed by mutual agreement only.

The chair of the grievance committee will be appointed at the first meeting called by the president or by the chair of the board of trustees if the grievance is related to the president. The grievance committee will consist of four (4) standing members and three (3) members selected at the time a grievance is presented. In addition to the committee members, a recorder will be assigned. The four standing members will serve for two (2) years; and, in order to provide continuity, initially two members will be appointed for two years and two members will serve one year. The parties involved may challenge the impartiality of any of the seven members selected by the president or by the chair of the board of trustees. This committee will act as a hearing committee for all student grievances.

Minors who wish to keep or apply for their driver’s license or learner’s permit must attend class 60 hours a month (average 15 hours a week). After a student has been successful in class for 6 months, he/she may request a certificate from the Director of Adult Education. The Department will issue a certificate to the Department of Motor Vehicles to apply for his/her driver's license. Driver's education classes are the responsibility of the student.

Transition Advising
Students have access to a Transition Advisor to assist them in moving from NCCCS High School Equivalency (HSE) and AHS to college programs. This individual is available to students in Caldwell and Watauga counties by appointment. Each graduate is expected to meet with the Transition Advisor to develop a plan for his/her post-secondary education and/or training.
