

2021 Campus Annual Security Report

This Campus Annual Security Report (ASR) is required by federal law to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and contains policy statements and crime statistics for the school. Three years' worth of statistics are included for certain types of crimes that were reported to have occurred on campus and on public property within or immediately adjacent to the campus.

The Executive Director of Accountability and Strategic Initiatives prepares this report using crime statistics provided by the CCC&TI Safety Officer, the Vice President of Student Services, local law enforcement agencies, and other College officials

Each year, the report is posted to the college website and notification is made to all employees and enrolled students. Employees and currently enrolled students receive notification through their campus email account and prospective students receive notification in their admission packet. Prospective employees are notified of the report's availability when applying for vacant positions. Archived reports for previous years may be obtained from the Executive Director of Accountability and Strategic Initiative. Students may obtain a printed copy of this report from the Student Services Office located in the John A. Forlines Building on the Caldwell Campus. Employees may obtain a printed copy from the Director of Human Resources on the Caldwell Campus in the H.E. Beam Building.

The Annual Disclosure of Crime Statistics

Data concerning crimes committed on any CCC&TI site, as defined by the Crime Awareness and Campus Security Act of 1990 and the Higher Education Act of 2008 as it relates to the Clery Act and Higher Education Opportunity Act (HEOA) safety- and security-related requirements is reported annually. The College prepares, publishes, and distributes information annually in its ASR.

General Procedures for Reporting a Crime or Emergency

Community members, students, employees, and guests are encouraged to report all crimes and public safety-related incidents to a security authority and College official in a timely manner.

Note: This publication contains information about on-campus and off-campus resources. This information is made available to provide CCC&TI community members with specific information about the resources that are available in the event that they become the victim of a crime. Crimes should be reported to a campus security authority to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. For example, a crime that was reported only to the Boone Police may not be included in the CCC&TI crime statistics report.

Voluntary Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the criminal justice system of the CCC&TI complaint process, you may still want to consider making a confidential report. With your permission, any security authority can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the college can keep accurate records of the number of incidents involving students and employees, determine where there is a pattern of crime with regard to a particular location, method, or assailant, as well as alert the campus community to potential danger. Reports filed confidentially are counted and disclosed in the annual crimes statistics for the institution.

Other than the paragraph above, CCC&TI has no written policy or procedure encouraging pastoral and professional counselors to inform counseling clients of voluntary, confidential crime reporting procedures for inclusion in the College's annual disclosure of crime statistics.

Programs to Inform Students and Employees about Campus Safety Procedures and to Encourage Accurate and Prompt Reporting

Caldwell Community College and Technical Institute provides information to students and employees about campus and personal safety issues in various ways.

- Notification of the Annual Security Report
- Special events including workshops, information at student events, and professional development for employees
- Participation in assistance referral programs for students and employees
- Publications, including CCC&TI Parking and Traffic Regulations Policy, Emergency Preparedness Guidelines, and the CCC&TI Student Handbook.

Reporting a Crime

CCC&TI is concerned with the safety and well-being of its students, faculty, staff, and visitors and is committed to providing a safe and secure campus community. CCC&TI has been fortunate in experiencing few crimes, but emergencies and crimes occasionally occur. CCC&TI takes all incidents very seriously, but students, faculty, staff, and visitors are also responsible for taking measures to protect themselves and their possessions.

Steps to Report a Crime

1. To report an emergency, dial 911.
2. When reporting an emergency, remain calm and carefully explain the problem and the location.
3. Do not hang up until you are instructed to do so by the 911 Operator.
4. Once 911 has been called, if possible, notify the college switchboard operator and give the location and type of emergency. Caldwell Campus: 828.726.2200
Watauga Campus: 828.297.3811
5. Once the situation is resolved, report the crime or emergency to any College authority. A College incident report should be completed and submitted to the College Safety Committee.

Campus Security Authorities

Security authorities are those personnel who have significant responsibility for student and campus activities and to whom crimes should be reported.

Title	Person	Phone	Office	Campus
VP, Student Services	Dena Holman	828.726.2737	F-127	Caldwell
Director, Security and Safety	Joshua Brewster	828.726.2237	E-115	Caldwell
Executive Director	Steve Melton	828.297.3811 ext. 5245	W372-109	Watauga

Timely Warnings

In the event that a situation arises, either on or off-campus, that, in the judgment of the campus security authorities and/or senior administration, constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued by campus security authorities and/or senior administrators.

The warning will be issued through an electronic emergency notification system (currently Regroup), email, social media, and the college website to students and employees. Depending on the particular circumstances, especially in situations that could pose an immediate threat to the community and individuals, senior administrators may also employ the intercom system (available on both Caldwell and Watauga campuses), to provide the college community with more immediate notification.

Anyone with information warranting a timely warning should report the circumstances to campus security authorities or senior administration in person or by calling 911.

The published warning will include the date, to whom the warning is issued, the crime of concern, the alert to the campus community, what to do to protect oneself, how to request information from the community about other similar crimes, contact information, and how to report a crime.

Security of and Access to Campus Facilities

During business hours, the College buildings (excluding certain off-campus facilities) are open to students, employees, contractors, guests, and the community during normal operating hours. During non business hours, access to all College facilities is by College-issued keys or by admittance via a security authority. Some facilities may have special hours which may vary at different times of the year. Examples are the Computer Lab, Student Services, and the Library. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules.

All College keys are distributed by the Office of Facilities Services and are deemed to be controlled items. The duplication of College keys is prohibited and therefore subject to disciplinary action.

All persons, while on CCC&TI premises, are expected and required to obey all federal, state, and local laws and ordinances, as well as college policies and procedures governing appropriate conduct. Persons in violation of the above will be subject to any action deemed necessary by authorized personnel.

Campus Security and Law Enforcement

Caldwell Campus

Campus law enforcement is provided at the Caldwell Campus under a contract with the town of Hudson. Sworn officers, who report to the Vice President of Operations, help to develop, enforce, and communicate security and safety programs that are available for all employees, students, and visitors.

Watauga Campus

On the Watauga Campus, law enforcement is provided under contract with the Watauga County Sheriff's Department. A Sworn officer, who reports to the Vice President of Operations, helps to develop, enforce, and communicate security and safety programs that are available for all employees, students, and visitors.

CCC&TI also contracts with Griffith Security, Inc. to provide security support for all facilities of the institution located in Caldwell and Watauga counties. Although they have no arrest authority, they monitor facilities and grounds and report incidents to security authorities.

All crime victims and witnesses are strongly encouraged to immediately report any crime to security authorities so that assistance can be provided, timely warning notices can be posted, if appropriate, and disclosure of crime statistics are accurate.

Law enforcement support agencies, including the N.C. State Bureau of Investigation, N.C. State Highway Patrol, Caldwell County Sheriff's Department, Hudson Police Department, Lenoir Police

Department, Boone Police Department, Watauga County Sheriff's Department, and other appropriate agencies cooperate with CCC&TI to manage safety and security and to collect crime statistics.

Criminal Activity at Off-Campus Sites

CCC&TI security personnel do not monitor or report off-campus criminal activity. However, employees and students are strongly encouraged to report crimes committed at off-campus teaching facilities to security authorities and College officials as soon as possible.

Criminal incidents occurring off-campus to students or employees participating in a College function should be reported to the law enforcement agency having jurisdiction of that site. Once the emergency is over, the crime should be reported to CCC&TI security authorities.

Policies Governing Illegal Use of Drugs and Alcohol at CCC&TI

In 1988, Congress enacted the Drug-Free Workplace Act. This statute requires that all institutions of higher education receiving any funds from any federal agency certify to that agency that they will maintain a drug-free workplace by taking certain required action. The policy and procedure for Caldwell Community College and Technical Institute, approved by its board of trustees on August 16, 1990, is as follows.

Policy

Caldwell Community College and Technical Institute is committed to maintaining an environment that supports and encourages the pursuit and dissemination of knowledge. All members of the college community—students, faculty, and staff—share in the responsibility of protecting that environment, and all are expected to exemplify high standards of professional and personal conduct. The illegal or abusive use of alcohol/drugs by members of the college community adversely affects this educational environment. Federal and North Carolina laws prohibit the illegal or abusive use of alcohol/drugs. The illegal or abusive use of alcohol/drugs is not compatible with personal welfare and pursuit of academic excellence and will not be tolerated by Caldwell Community College and Technical Institute at any of its locations. Caldwell Community College and Technical Institute will take formal disciplinary and legal procedures to control the illegal or abusive use of alcohol/drugs.

Faculty and Staff Conduct Prohibited by CCC&TI

Faculty/staff are responsible, as citizens, for knowing about and complying with the provisions of North Carolina law that make it a crime to possess, sell, deliver, or manufacture those drugs designated collectively as “controlled substances” in Article 5 of Chapter 90 of the North Carolina General Statutes. Any faculty/staff member who violates pertinent state or federal law, either within the school community or in a manner that otherwise affects the school community, thereby violates school policy. The college will initiate its own disciplinary proceedings against a faculty/staff member when the alleged conduct is deemed to affect the interests of the school. Faculty/staff members who violate the school's policy on the illegal use or abusive use of alcohol/drugs will be subject to disciplinary action in accordance with the provisions as stated in this document.

Legal Penalties

The illegal or abusive use of alcohol/drugs by faculty/staff members may subject them to criminal prosecution by governmental agencies, in addition to disciplinary action by the school. Status as a faculty/staff member in no way insulates a law breaker from criminal prosecution and punishment. The constitutional concept of “double jeopardy” does not prevent both state or federal prosecution and CCC&TI punishment for conduct that violates both state and federal laws and CCC&TI policy.

Trafficking in Illegal Alcohol/Drugs

The following minimum penalties shall be imposed for the particular offenses described:

- A. **Illegal Manufacture, Sale, or Delivery of Alcohol/Drugs**
 1. For the illegal manufacture, sale or delivery, or possession with intent to manufacture, sell, or deliver, of any controlled substance identified in Schedule I. North Carolina General Statutes 90-89, Schedule II, North Carolina General Statutes 90-90 (including, but not limited to, heroin, mescaline, lysergic acid diethylamide, opium, cocaine, amphetamine, methaqualone), any faculty/staff member shall be fired.
 2. For a first offense involving the illegal manufacture, sale, or delivery, or possession with intent to manufacture, sell or deliver any controlled substance identified in Schedules III through VI, North Carolina General Statutes 90-91 through 90-94, (including, but not limited to marijuana, phenobarbital, codeine) the minimum penalty shall be suspension from employment for a period of at least one semester. For a second offense, any faculty/staff member shall be fired.
- B. **Illegal Possession of Alcohol/Drugs**
 1. For a first offense involving the illegal possession of any controlled substance identified in Schedule I, North Carolina General Statutes 90-90, the minimum penalty shall be suspension from employment for a period of at least one semester.
 2. For a first offense involving the illegal possession of any controlled substance identified in Schedule III through VI, North Carolina General Statutes 90-91 through 90-94, the minimum penalty shall be probation for a period to be determined on a case-by-case basis. A faculty/staff member on probation must agree to participate in a drug education and counseling program, consent to regular drug testing, and accept such other conditions and restrictions, including a program of community service, as his/her supervisor or his/her designee deems appropriate. Refusal or failure to abide by the terms of probation shall result in suspension from employment for any unexpired balance of the prescribed period of probation.
 3. For a second or other subsequent offense involving the illegal possession of controlled substances, progressively more severe penalties shall be imposed, including expulsion.
 4. Faculty/staff members must notify their supervisor in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) calendar days after such conviction.

Suspension Pending Final Disposition

When a faculty/staff member has been charged by the school with a violation of policies concerning illegal alcohol/drugs, he/she may be suspended from employment before initiation or completion of regular disciplinary proceedings, if, assuming the truth of the charges, his/her supervisor or

his/her designee concludes that the faculty/staff member's continued presence with the school community would constitute a clear and immediate danger to the health or welfare of other members of the school community, provided that, if such a suspension is imposed, an appropriate hearing of the charges against the suspended faculty/staff member shall be held as promptly as possible thereafter.

Counseling

Caldwell Community College and Technical Institute encourages faculty/staff members to make use of available 3rd party counseling in dealing with alcohol/drug abuse problems. CCC&TI assures faculty/staff members who voluntarily avail themselves of these services that applicable professional standards of confidentiality will be observed.

Student Conduct Prohibited by CCC&TI

CCC&TI is committed to an environment that supports the pursuit and dissemination of knowledge. All students share in the responsibility of protecting and promoting that environment. The illegal use of drugs and alcohol by students adversely affects this educational environment. North Carolina and/or Federal laws attempt to control use of drugs and alcohol. All behavior which is prohibited by federal, state, and local laws is also prohibited on campus. The illegal use of drugs and alcohol is not compatible with personal health and welfare or with the pursuit of academic excellence and will not be tolerated by CCC&TI.

Student Rights, Responsibilities and Code of Conduct

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the community. Students should exercise their freedom with responsibility. As members of the academic community, students are subject to the obligations that accrue to them by virtue of this membership. As members of the larger community of which the college is a part, students are entitled to all rights and protection accorded them by the laws of that community. By the same token, students are also subject to all laws, the enforcement of which is the responsibility of duly constituted authorities. When students violate laws, they may incur penalties prescribed by legal authorities. In such instance, college discipline will be initiated only when the presence of the student on campus will disrupt the educational process of the college. However, when a student's violation of the law also adversely affects the college's pursuit of its recognized educational objectives, the college may enforce its own regulations. When students violate college regulations, they are subject to disciplinary action by the college whether or not their conduct violates the law. If a student's behavior simultaneously violates both college regulations and the law, the college may take disciplinary action independent of that taken by legal authorities.

Student Rights

- All rights and privileges guaranteed to every citizen by the Constitution of the United States and by the state of North Carolina shall not be denied any student.
- Students have the right to have their academic performance evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.

- Students have the right to freedom of expression, inquiry, and assembly without restraint or censorship subject to reasonable and nondiscriminatory rules and regulations regarding time, place, and manner.
- Students have the right to inquire about and to propose improvements in policies, regulations and procedures affecting the welfare of students through established student government procedures, campus committees, and college offices.
- Students and former students have the right to review their official records and to request a hearing if they challenge the contents of these records. The Family Educational Rights and Privacy Act of 1974 (“FERPA”) provides safeguards regarding the confidentiality of and access to student records and the College shall adhere to the FERPA laws and regulations. Students and former students have the right to review their official records and to request a grievance if they challenge the contents of these records. No records shall be made available to unauthorized personnel or groups outside the College without the written consent of the student involved or if a legal exception applies.
- No disciplinary sanctions other than temporary removal from class or activity (only for duration of said activity) may be imposed upon any student without due process.
- Students have the right to voluntarily withdraw from courses under certain criteria.
- Students have the right to be free from discrimination, harassment and sexual violence while attending the College and accessing the College’s programs and opportunities.

No disciplinary sanctions other than temporary removal from class or activity (only for duration of said activity) may be imposed upon any student without due process. Due process procedures are established to guarantee a student accused of a student code of conduct violation the right to a hearing, a presentation of charges, evidence for charges, the right to present evidence, the right to have witnesses on one’s behalf and to hear witnesses on behalf of the accuser(s), the right to counsel, and the right of appeal.

Student Code of Conduct

The college makes every effort to maintain a safe and orderly educational environment for students and staff. Therefore, when, in the judgment of college officials, a student’s conduct disrupts or threatens to disrupt the college community, appropriate disciplinary action will be taken to restore and protect the sanctity of the community.

Students are expected to conduct themselves in accordance with generally accepted standards of scholarship and morality. The purpose of this code is not to restrict student rights but to protect the rights of individuals in their academic pursuits.

The following regulations set forth offenses for which disciplinary proceedings may be initiated.

- **Academic Dishonesty (See [Academic Integrity Policy](#))** – a second violation of the CCC&TI Academic Integrity Policy shall be treated as a disciplinary issue carrying severe consequences.
- **Animals on Campus** – Students may not have an animal of any kind on campus. This includes animals left within a vehicle. Service animals are permitted and any student with a service animal should report the use of a service animal to the College’s Disability Services Coordinator.

Students shall not occupy or seize, in any manner, College property, a College facility or any portion thereof for a use inconsistent with prescribed, customary, or authorized use. Students shall not participate in or conduct an assembly, demonstration or gathering in a manner which threatens or causes injury to person or property; which interferes with free access to, ingress or egress of College facilities; which is harmful, obstructive or disruptive to the educational process or institutional functions of the College; hold rallies, demonstrations, or any other forms of public gathering without prior approval of the College based on reasonable time, place and manner restrictions; remain at the scene of such an assembly after being asked to leave by a representative of the College staff.

Disciplinary Procedures

- **Immediate Dismissal.** Any instructor or administrative officer may dismiss a student from the class or the college if an act of misconduct threatens the health or well being of any member of the academic community or seriously disrupts the function and good order of the college. Prior to dismissal, student(s) shall be given the opportunity to explain his or her conduct to the suspending instructor or administrative officer.
- **Disciplinary Process.** In order to provide an orderly procedure for handling student disciplinary cases in accordance with due process and justice, following procedures will be followed:
Charges: Any administrative official, faculty member, or student may file charges with the Vice President of Student Services against any student or student organization for violations of college regulations.
- **Investigation and Decision.** Within 5 working days after the charge is filed, the Vice President of Student Services shall complete a preliminary investigation of the charge and shall schedule a meeting with the student. After discussing the alleged infraction with the student, the Vice President or designee may act as follows:
 - Drop the charges. Impose a sanction consistent with those shown below.
 - Refer the student to a college office or community agency for services.
- **Notification.** The decision of the Vice President of Student Services shall be presented to the student in writing immediately following the meeting with the student. The student will be made aware of the charges, the Vice President’s decision and instructions governing the appeal process.

Sanctions

The VP of Student Services may apply the following sanctions as appropriate:

- Reprimand: A written communication which gives official notice to the student that any subsequent offense against the Student Code of Conduct will carry heavier penalties.
- General Probation: An individual may be placed on General Probation when involved in a minor disciplinary offense; General Probation has two important implications: the individual is given a chance to show his/her capability and willingness to observe the Student Code of Conduct without further penalty; secondly, if he/she errs again, further action will be taken.
- Restrictive Probation: Restrictive Probation results in loss of good standing and becomes a matter of record. Restrictive conditions may limit activity in the college community. This probation will be in effect for no less than two semesters. Any violation of Restrictive Probation may result in immediate suspension.
- Restitution: Paying for damaging, misusing, destroying or losing property belonging the college, college personnel or students.
- Interim Suspension: Exclusion from class and/or other privileges or activities as Institutional Policies set forth in the notice, until a final decision has been made concerning the alleged violation.
- Loss of Academic Credit or Grade: Imposed as a result of academic dishonesty (as determined by the Grade Appeal Procedure).
- Withholding transcript, diploma, or right to register: Imposed when financial obligations are not met.
- Suspension: Exclusion from class(es) and/or all other privileges or activities of the college for a specified period of time. Students who receive this sanction must get specific written permission from the Vice President of Student Services or designee before returning to campus.
- Expulsion: Dismissing a student from campus for an indefinite period. The student loses his/her student status. The student may be re-admitted to the college only with the approval of the President.
- Group Probation: This is given to a college club or other organized group for a specified period of time.
- Group Restriction: Removing college recognition during the semester in which the offense occurred or for a longer period (usually not more than one other semester).
- Group Charter Revocation: Removal of college recognition for a group, club, society or other organization for a minimum of two years

Appeals Procedure

A student who disagrees with the decision of the Vice President of Student Services or designee may file a formal grievance. The grievance procedure is published in the Student Handbook.

Sexual Assault Policies and Report Procedures

Procedures Students and Employees Should Follow if a Sex Offense Occurs

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety and report the assault directly to law enforcement. You should then obtain necessary medical treatment.

The institution strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. After the danger has passed, report the assault to any security authority.

The college will promptly comply with a student's request for assistance in notifying authorities. The victim should file a report with a campus security authority. Filing a report with the college will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from representatives of the institution. Filing a police report will ensure that a victim of sexual assault receives the necessary medical treatment and tests, provide the opportunity for collection of evidence helpful in prosecution which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam).

CCC&TI offers counseling services for students. Visit student services to schedule a confidential referral session. The college will assist victims with changes in academic arrangements, if desired and available.

Procedures for campus disciplinary action in cases of an alleged sex offense

In addition to any legal charges against the action, victims may choose to file a grievance against the alleged student attacker.

Since sexual abuse and misconduct are breaches of the Student Code of Conduct, any discipline is decided through the grievance process.

Special Circumstances

- The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding. Both the accuser and the accused must be informed of the outcomes of any disciplinary proceeding that is brought alleging a sex offense.
- The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding.
- Both the accuser and the accused must be informed of the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense. Informing the parties of the outcome of the process does not constitute a violation of the *Family Educational Rights and Privacy Act (FERPA)*. For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.
- Sanctions imposed are the same as the policy on violations of the student code of conduct. (See above.)

Identity of Registered Sex Offenders on Campus

The Victims of Trafficking and Violence Protection Act of 2000 requires colleges and universities to inform students and employees how to learn the identity of registered sex offenders on campus. This law contains the Campus Sex Crimes Protection Act, which became effective October 28, 2002. Sex offender information is compiled by the North Carolina State Bureau of Investigation and posted at <https://sexoffender.ncsbi.gov/disclaimer.aspx> . It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. Information about registered sex offenders also can be obtained from the local sheriffs' department in Caldwell or Watauga counties.

How FERPA impacts reports of sex crimes

Registry information provided under this section shall be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. Unlawful use of the information for purposes of intimidating or harassing another is prohibited and willful violation shall be punishable as a Class 1 misdemeanor.

Emergency Response and Evacuation Procedures

CCC&TI is committed to providing a safe, secure campus conducive to learning. There are, however, times when certain activities and conditions exist which warrant specific steps to ensure the welfare of the college community.

Confirm the Emergency

It is not always necessary to evacuate a building during an emergency. A power outage, for instance, does not necessarily call for evacuation of a building. The overall safety of the building must first be evaluated: lighting, hazardous materials, ventilation systems, and other hazardous operations. If the building can be safely occupied, evacuation is not necessary.

Initiate the Notification System

If an evacuation or special actions are warranted, security authorities or senior administration will determine the information to include in communication before notifying the affected college community. The ReGroup notification system, intercom system, fire alarm system, email system, phone system, walkie-talkies, air horns, mega horns and runners are the primary means of emergency alerts and warning notification on campus. These forms of communication will be used for the immediate transmission of information regarding an emergency to all affected areas of the campus and for the purpose of building and campus evacuation.

Responsibility for Initiating and Communicating Emergency Information

Local law enforcement and/or fire departments will be notified by calling 911.

Campus Security Authorities are responsible for disseminating emergency information to the college and larger community. They include are those personnel who are significantly responsible for student and campus activities and to whom crimes should be reported.

Title	Person	Phone	Office	Campus
VP, Student Services	Dena Holman	828.726.2737	F-127	Caldwell

Executive Director	Steve Melton	828.297.3811 ext. 5245	W372-109	Watauga

Testing the System

Fire, lockdown, and evacuation procedures are tested annually and monitored by the Health and Safety Committee as well as local law enforcement and fire department personnel.
