# Changing Lives

Our community is a tapestry of people – from area employers and citizens to the college trustees, employees and students who make up our community at Caldwell Community College and Technical Institute. These people are the heart of the college and especially passionate about the work of the CCC&TI Foundation which advances the mission of the college.

Consider the tremendous difference you can make by supporting the CCC&TI Foundation:

- You are helping countless students who may not otherwise have the opportunity to complete their education.
- You are empowering individuals to enhance their job skills, making a better life for their families.
- You are ensuring student success by removing barriers such as childcare, counseling and emergency assistance.
- You are enhancing the quality education with improved equipment, tools and activities
- You are building a community equipped with a well-educated workforce for employers and the betterment of the region.
- You are enriching the quality of life with new opportunities, such as athletics, cultural events and activities, for the total student and area citizens.
- You are changing lives.

Make a difference today and help support our 2023 Annual Fund Drive goal of \$405,000 to meet the needs of the college.

“The word ‘Community’ in the college’s name is at the center of the mission of CCC&TI. The College has well-designed programs meeting the needs of our community and great students supported by a dedicated faculty led by an excellent administration. I am honored to be part of an organization whose purpose is to serve the vast educational needs of the community and who does so by including the community in the process.”

**Jim Sponenberg, CCC&TI Board of Trustees**

“CCC&TI provides a strong foundation for Watauga County and the High Country. Its investment in the community shines through in the students served and the families and people they support. The college’s educational and skills programs are essential building blocks for all who seek a brighter future. Support for CCC&TI pays huge dividends for our community.”

**Ronald Holste, Executive Director  
CCC&TI Watauga Campus**

“As SGA President, I have seen time and time again how our Foundation works for our students and our community. They not only help with tuition and fees but outside the walls with challenges of day-to-day life. I myself have benefitted from their generosity as a scholarship recipient. It brings me so much joy that that the Foundation’s main goal is to give back in every way they can to the students and ultimately, the community.”

**Emily Norwood  
CCC&TI Student Government Association President**

“A career is an accomplishment that not only impacts the individual, it creates a vital impact on the community. CCC&TI is committed to its students by guiding them, supporting them and making sure they get the knowledge/skills to join the workforce or better their education. CCC&TI

also recognizes the reality that some students need additional financial support to help reach their goals. That’s what makes CCC&TI the heart of the community. The college’s support and level of care for the students is a commitment that goes above and beyond.”

**Jessica Teeters, CCC&TI Outreach Navigator**
