

Program of Study Changes

Students may change their program of study with approval from an Academic Advisor or a Student Services Representative.

Program changes made after the first day of classes for the semester will not become effective until the next semester. Therefore, it is crucial that you make a program change prior to the beginning of the semester in which you wish the change to become effective.

ATTENTION FINANCIAL AID RECIPIENTS: If you are changing your program of study, you must notify the Financial Aid Office immediately.
